### HUGE CREDIT FOR THE ALLIES IS PLANNED AS FIRST STEP

## AUSTRIA BREAKS WITH AMERICA, REPORT

#### PART OF CREW KILLED AND OTHERS ARE CAPTURED

#### FIVE BILLION TO BE MADE AVAILABLE AT ONCE

Washington, D. C., April 7.—The German interned cruiser *Cormoran* has been blown up by its crew in the harbor of Guam, they navy department announced today.

The ship was destroyed by the Germans as the United States marines were going to seize the vessel.

Two German warrant officers and five German enlisted men were killed.

Twenty German officers, twelve warrant officers and 321 enlisted men of the vessel were taken prisoners.

The news reached the navy department this morning in a radio dispatch from the United States governor of Guam.

No other details than the above were given out immediately by the navy department.

It was said there would be a fuller dispatch later.

Washington, D. C., April 7.—The extension of a credit to the allies of over one billion dollars and probably as much as five billions, will be the first step of actual participation in the war under the plan to be suggested to congress by the president, it was learned today.

Administration leaders predicted today the credit—probably the largest amount—would be made available "immediately." The fact became known after a conference at the capital between Senator Simmons, of the finance committee and Treasury Secretary McAdoo.

The conference was brief. This was taken to mean there is complete agreement between administration and congressional finance heads.

McAdoo returned to his office in the treasury department to confer with leaders of the ways and means committee of the house, in which all appropriation measures originate. It is now settled that a large part of the \$3,500,000,000 already asked for by the adminis-

## Raiders Reported Off Atlantic Coast

Washington, April 7.—The navy department learned today of a strange craft off Nantucket Light. The department would not give out the time the vessel was seen, or from what sources the department received its information.

"Her nationality is not as yet known," it was officially stated.

That Germany may stage something spectacular against America within the next few days—such as a repetition of the U-53 visit—was the confident belief of some officials today.

The navy, however, can be said to be on the full lookout for just such moves. Everything is being done to check up on Germany's moves. Light-houses and lightships have been mobilized with the navy and ordered to report any suspicious incidents along the coast.

The Nantucket Shoals light reported to the navy that a vessel had passed there headed westward. The department explained that the report meant that the light keeper did not recognize the vessel and that he regarded the ship as suspicious.

Secretary Daniels admitted he is investigating the situation though he would not go into details as to what steps were being taken.

The navy department has received reports, not official, that a raider also is off the Virginia Capes.

Newport, R. I., April 7.—The Nantucket Shoals Lightship today reported a German raider sighted off Cape Henry. Deputy Collector of Customs Walcott notified all shipping and advised vessels to remain in harbor. It is believed

naval vessels will immediately be sent out in search of the raider.

Collector Walcott said the report he received was that the raider passed the lightship headed west, in the direction of New York. It is understood the vessel was not near enough to be clearly distinguished.

Coast guard cutters have endeavored to pick up further information regarding her but up to noon all efforts had failed.

Newport, R. I., April 7.—A message from Siasconset, on the Island of Nantucket, early today reported a strange craft inside the three mile limit. It is believed the vessel may be a German commerce raider.

Boston, Mass., April 7.—The Charleston navy yard has been notified of the presence of a German raider off the New England coast, it was stated today.

The port of Philadelphia has been closed to all traffic by night and draft restrictions on day time traffic have been placed by Collector of the Port William H. Berry, effective immediately.

Philadelphia, Pa., April 7.—The port of Philadelphia has been closed to all traffic by night and draft restrictions on day time traffic have been placed by Collector of the Port William H. Berry, effective immediately.

## Commercial Wireless Stations Taken Over By The Navy

Washington, D. C., April 20.—Shortly after noon today the navy department completed the task of taking over all commercial wireless stations in the United States and its possessions.

In all fifty-six wireless stations heretofore used for commercial purposes are now under complete control of the United States navy.

The army wireless stations, of course, still remain under control of the war department. The navy department is now engaging in closing and dismantling all private amateur stations throughout the country and its possessions.

Completion of this plan authorized by executive order will leave the wireless system of the nation under complete control of the navy department.

## SEE PLOT IN CAMP FIRE

El Paso, Texas, April 7.—The entire camp of the United States field ambulance company A, at Fort Bliss, was destroyed by fire, believed of incendiary origin this morning. Military authorities are investigating.

## PHONE WIRES CUT

El Paso, Texas, April 7.—Telephone communication between El Paso and the outside is badly crippled today as the result of many long distance wires being cut last night. Sentries north of the city fired on two men, who were seen tampering with wires but both made their escape.

## Port Closed At Night

Philadelphia, Pa., April 7.—The port of Philadelphia has been closed to all traffic by night and draft restrictions on day time traffic have been placed by Collector of the Port William H. Berry, effective immediately.

## Wants Draft Of Technical Men

Washington, D. C., April 7.—Secretary of War Baker asked the house military affairs committee this afternoon to insert in the general staff army bill a new provision for conscripting technical or technically trained men for the army for use as engineers and signal men and the like.

The new provision asks as follows: "Provided that the president is authorized to raise and maintain by volunteer enlistment or draft as herein provided special and technical troops as he may deem necessary and to embody them into organizations and to officer them as provided by this act."

Baker insisted that drafting or conscripting was necessary to raise the army of 500,000 men asked for in the bill.

The volunteer system, he said, would not work. He urged that under the drafting system all classes of people would be liable to service and there would be no

discrimination. Baker gave a complete outline of the industrial situation as regards preparedness. This testimony, the committee suppressed, because it was feared it might be valuable to the enemy.

In the first discussion of universal military training the principle met with decided opposition in the senate committee on military affairs when it met today.

Two members are vigorously opposed to the principle of any kind of compulsory training. The committee decided to take up the Chamberlain compulsory training

## TARNOWSKY WILL DEMAND PASSPORTS

Washington, D. C., April 7.—The Austrian embassy stated today that officials there knew nothing regarding the reported break in relations with the United States.

The state department also announced officials there "knew nothing about the report."

London, April 7.—Austro-Hungary apparently has broken relations with the United States.

That Foreign Minister Czernin had instructed Ambassador Tarnowsky at Washington to demand his passports was reported from two sources here today.

A special agency dispatch from The Hague asserted it. So did dispatches received by the Paris newspaper Le Matin from its correspondent in Basle.

This later said Austrian papers made formal announcement of Austro-Hungary's alignment with her ally, Germany, against America.

Information contained in dispatches from The Hague asserted that American Ambassador Penfield and his staff had been forced to leave the city.

## WAR MACHINES ARE RUNNING AT FULL SPEED

Washington, D. C., April 7.—The powerful machines of the United States are running full speed this afternoon—preparing to hurl unlimited men and money against Germany.

Congress is whipping into shape the rush war measures now before the committees so that there will be no delay in their passage when the senate and house meet Monday.

A war steering committee will be created for the purpose of sending emergency legislation to committees that can handle them most expeditiously.

King George of England and King Victor Emmanuel of Italy, officially recognized America's entrance in the great war, by telegrams of congratulations to the president.

Representative Hulbert, New York, paved the way for efficiently organizing the aerial arm of the war machine by introducing a bill creating a department in aeronautics, giving its secretary a portfolio in the president's cabinet.

Mails to Germany were ordered stopped by Postmaster General Burleson, "for the duration of the war." Mails to Austria, Hungary, Bulgaria and Turkey likewise ceased as they must pass through the enemy's country.

Citizen military camps were ordered discontinued and will be replaced by training camps for America's expeditionary force to Europe.

The navy department completed seizure of all commercial wireless plants for war purposes and began the tremendous task of dismantling thousands of private radio stations throughout the country.

The president called a greeting to Russia announcing that "the United States arrays itself

## UNCLE SAM ENGAGED IN HUNT FOR PLOTTERS

Washington, D. C., April 7.—The government roundup of German plotters and all enemies of the republic is in full blast today.

With scores already arrested or being run down, countless other arrests will be made within the next few days.

The enormity of this plotter's hunt can be imagined when it is remembered that the statement recently was made on the floor of the senate that one hundred thousand German spies had woven their intrigues in every section of the country.

While the chase is hot and will continue relentlessly against any alien suspected of affording aid and comfort to the nation's enemies, officials again today repeated their declaration that "well behaving" aliens need have no apprehension.

Chief interest at this time centers on men who have long been trailed and card indexed because of their associations with the plotters' rings established in various sections of the country by Captains Von Papen and Boy-Ed.

While department of justice and secret service agents work in deepest secrecy refusing for obvious reasons to disclose even facts of arrests that have been made, it is taken for granted that another chief objective in the hunt is to keep war time watch on the bonds of the German reservists here who were unable to answer the call to the colors that sounded in 1914.

It is known positively today that it has been from these men—chiefly reservists of younger years—that Boy-Ed and Von Papen drew material for their work of spying and intrigue against this government.

While it is known by officials that many of these men refused to do the bidding of Germany's spy masters in America, many did fall before the temptation of gold and

promises of high reward in the event of war between the two countries.

Another "nest of plotters" was Germany's consular service in America. Such aliens as had close connection with the kaiser's consular agents and who cannot satisfactorily explain those connections, are to be arrested at the first suspicious action.

## 69 Combats With U-Boat

London, April 7.—More than sixty-nine combats against German submarines have taken place since February 1—and twenty-nine of these in the period from February 21 to March 17.—Lord Robert Cecil, minister of blockade stated today.

This statement was evoked by a question suggesting that he outline for Americans what he thought the problems of the day were in the submarine menace.

"Several points stand out strikingly in the German submarine blockade," he said. "It is a confession of weakness and a sign that the Germans have really abandoned all hope of obtaining a successful issue in a land of war."

"I will not speak of the aspect of the campaign of brutality in this warfare. It is not new from Germans. Any means are justifiable to maintain the greatness of

## FORMER RESIDENT OF PORTSMOUTH CELEBRATES 101 BIRTHDAY ANNIVERSARY

At Stout, R. F. D., there lives a blind woman, Mrs. Jemima Long, who Friday, April 7, 1917, celebrated her 101 birthday anniversary. She is a former resident of Portsmouth, and, according to W. H. Castor, of Stout, she recalls many local people. In writing for this remarkable woman to The Times, Mr. Castor says: Aunt Jemima Long was born in Tyler county, Virginia, April 7, 1816. She moved to Portsmouth about 1840. There were no railroads or street cars there at that time. The streets were not paved. The mail was carried to Chillicothe by stage, one stage leaving each day. They used two stages, as it took two days to make the trip. There were four hotels there at that time, the White Bear, tavern, American Hotel and Buckeye House, and there was no steel mill, for Gaylord's mill had been moved away. I lived in what was called Gaylord's Row. I only knew of one shoe shop in Portsmouth. Shoes were made by hand by a man by the name of Spencer. There was no wharfboat. Boats landing were charged wharfage for putting out a plank. The canal boats were doing a big business at that time. There was no bridge across the Scioto river. At one time while I lived in Portsmouth in the time of high water, three sailing vessels from New Orleans came to Portsmouth and got loads of grain. I think they bought most of this grain from a man by the name of Temple. I sewed for him, made pants and vests and shirts for him, made them by hand. I sewed at the National hotel for the people who first started it. Their names were Mr. and Mrs. Fred Reiniger. Mrs. Reiniger was a sister of Ellen Briggs. We could buy good beef-steak for 3 cents a pound at that time. We all burned wood, and candles were our only light.

A. J. Miller, well known farmer, Green township, was shot and instantly killed by a man alleged to be Tom Spears, Saturday afternoon about three o'clock, according to a report received by Sheriff E. W. Smith at 3:30.

Miller was recently indicted in common pleas court on a charge of pointing fire arms and was tried before a jury and acquitted. The charge was preferred by a neighbor who claimed that Miller objected to the use of a private road and flashed a shot gun upon him. Sheriff E. W. Smith, Prosecuting Attorney Joseph T. Mickelthwait and Coroner J. W. Dasher went to the scene of the murder near Powellsville.

## FIRE BUGS DESTROY RACE PLANT

New York, April 6.—Six incendiary fires, starting almost simultaneously today, destroyed the main grand stand, the terminal grandstand, the betting ring and the jockey's house and damaged other buildings at Belmont race track on Long Island.

Four other fires broke out first in the grandstand and quickly spread to other buildings. The loss is estimated at \$250,000.

Local fire apparatus was inadequate and August Belmont, owner of the property, appealed to New York fire forces for help. Engines were sent from Jamaica but arrived too late to be of any assistance.

The clubhouse, while not destroyed was badly damaged by smoke and water. Many horses were saved with difficulty from the stables.

The chemistry of physics, altitude, longitude, weight and hydraulics were discussed in the lecture on principles of physics given last night in the physics lecture room of the high school by J. S. Davis. The lecture was given under the auspices of the National Association of Stationary Engineers, No. 77, and a number of engineers not members of the organization took advantage of the opportunity of hearing this instructive lecture.

## "May Self-Appointed Rulers Be Enveloped In Surge Of Freedom"

—SAYS RABBI FREEHOF

"We have the right to express pride and go to Moses asking him to opinions and to wish that if the take away his people. For over a forces of Pharaoh ever rally, may the million souls to leave a land in one seas divide, may every force of na night is a great achievement. They cure rise, and form a black surge of left confidently, miraculously; but freedom until every self-appointed how?

"Moses had said: Prepare you a paschal lamb and put the blood on the door-post. Let your loins be girded, your sandals on your feet and your staff in hand; eat the lamb in haste. The advent of freedom found them prepared. Liberty comes suddenly, fearlessly and unafraid," said Rabbi Freehof.

Nature has been sitting with staff in hand, a divine stage manager, directing the change of scenes when ready. Just as winter prepares for spring, so bondage prepares for liberation. If we are drawn into conflict with Europe, may we next Spring be free, may the shrapnel shriek no more, and may the trenches carry water to fields of grain," he said in closing.

"From Heaven's Height" and "O Give Thanks Unto the Lord" were anthems sung by the regular quartet, and Watson Goddard sang a solo, "Our Dear Heavenly Father," by Bartlett.

"Tonight is the anniversary of a night full of oppression," said Rabbi Freehof. "On this night the Egyptians were dreading and wondering what the tenth plague would be. When the angel of death entered every Egyptian home and slew the first-born, the people went to Pharaoh, who was forced to swallow his

## Man's Jaw Is Broken By Blow; Other Police News

Refusal of William McGraw to pay for a bottle of beer, which he ordered at the E. E. Treat saloon, East End, Friday evening led to trouble. McGraw was put out of the saloon, testimony adduced in police court Saturday morning indicated, and on reaching the street Walter Aldridge took him by the arm. McGraw struck Aldridge in the jaw, fracturing the bone.

Aldridge was taken to Dr. Carl Braunlin's office and the fracture was reduced. The case against McGraw was continued until Aldridge is able to appear in court. William and Emma Reader, Washington street, were arraigned on charges of keeping a disorderly house. The wife pleaded guilty and the husband denied the allegation. They were given \$50 suspended fine.

R. H. Diller and Viola Stone were each given \$25 suspended fines on charges of furnishing. Mayor H. H. Kaps told Reader that the police had information which would indicate that his home had been used as a place by men for meeting women for some time. "If I would furnish you a

list of business men who called at your home, I am afraid that there would be several divorce cases filed in common pleas court," the mayor said on warning Reader to "keep his home sacred."

Clarence Newsome came to Portsmouth to buy an Easter suit. He reached Portsmouth, took some drinks and paid a \$5 fine in police court. Now Clarence is sure he will be out in the Easter parade.

James Heaton met a crowd of the boys after leaving police station at eight o'clock Friday evening. By 10:30 James was back in the cell intoxicated. He was fined \$5.00.

Frank Jones, colored, charged with begging, was arraigned. He pleaded not guilty. His case was continued.

J. P. Devine is not so good as his name would signify, for he started out to up-set the city Friday and was arrested. He was fined \$10 for being drunk and disorderly.

Osborn Dalton, charged with being intoxicated and disorderly was fined \$10, of which five was suspended.

A new kind  
of cigarette enjoyment

Up to lately, smokers have been content if a cigarette tasted all right.

But this Chesterfield Cigarette, besides pleasing the taste, does a new and important thing for smokers—

Chesterfields let you know you are smoking—they "SATISFY"! And yet, they're mild!

The blend does it—it's the new proportioning of high-quality tobaccos. Such costly Imported and Domestic tobaccos have never yet been blended in any cigarette at anywhere near the price. And the blend can't be copied.

It takes the cigarette itself to prove all this. So try Chesterfields. Today.

## Ben Hurs Pledge Loyalty And Will Also Aid "Dependents"

Ten dollars a month is subscribed to a fund for the dependents of those who are called to the colors by the Tribe of Ben Hur, Court No. 109. This action was taken Friday evening at the regular meeting, after Henry Cline had delivered a patriotic address, following which a resolution was introduced, pledging the whole support of the organization to the administration.

The resolution adopted is: "He hereby resolved that Portsmouth Court Tribe of Ben Hur No. 109, in regular session assembled, pledge our hearty support to our president, to our beloved country and to our flag, and that we hereby subscribe ten dollars per month to any fund which may be raised for the dependents of those called to the colors."

The resolution was unanimously carried with great enthusiasm and Mr. Cline's speech before reading it was loudly cheered. Chief Charles Spratt requested each member of the order who possibly could to go to their different meeting places on next Wednesday night as Governor Cox has requested the people of the state to offer up their voices in song and prayer to Almighty God for

his guidance and protection in the days to come.

Four applications were received and favorably acted on and they, with several others, will be initiated next Friday night.

## Orchestra Leader Praises Duffy's

In emergencies, when a physician is not available, Duffy's Pure Malt Whiskey may be depended upon for quick relief. Mr. Max Antles, Orchestra Leader, stricken with cramps at an important engagement, is relieved promptly by Duffy's and enabled to continue playing.

"Duffy's Pure Malt Whiskey is certainly a valuable medicine to have at hand in case of emergency and no home should be without it. Recently I was stricken with cramps while playing at a dance in a New Jersey town and thought I should die as the nearest doctor was two miles away. I was unable to obtain any relief until a friend gave me some Duffy's Malt which relieved me in a short time and enabled me to continue playing. I am very grateful and recommend Duffy's Pure Malt as a reliable medicinal whiskey."—Max Antles, 1533 Crotone Ave., Bronx, New York.

## Duffy's Pure Malt Whiskey

In emergencies requiring immediate relief rarely ever fails in efficacy, for it is promptly employed as a medicine in all cases. It is dependable because its quality never varies; it is pure because it is made from the finest of grains thoroughly malted—thoroughly removing all deleterious elements. A tablespoonful in equal amounts of water or milk before meals and on retiring assists digestion and invariably gives the system strength and power to throw off and resist the germs of disease. Especially at this time of year when colds, coughs and grip are prevalent, Duffy's should be available in the family medicine chest. Reserve today to join the army of thousands who are secure in health because they

## NEW YORK STOCKS

**FINANCIAL REVIEW**  
New York, April 7.—The New York Evening Sun financial review today says:

Chronologically today's short session of the stock market was the first war market. As has been freely predicted in recent weeks the general list receded several points, with a display of more or less nervous activity, but the opening was quiet and narrow and at no time was there anything to suggest panic.

Pressure exerted against steel caused other stocks in the steel list to suffer. The loss of the way from 1 1/2 to 2 points in the steel list was the result of a sharp drop in Bethlehem Steel "B" stock. At the lowest levels losses in the industrial list ranged from 2 to 9 points. The steel shares rallied 1 to 2 points in the last half of the session. The copper group was down two points or so with later fractional improvement.

On reported of German raiders off this coast the shipping stocks yielded two or three points. The equipment, munition and other specialties were actively sold with recessions of two points or more. The railroad list was quiet and steady.

New York, April 7.—After a weak opening in which prices were fractionally off in nearly every issue, the stock market today slid steadily backward, prices in some instances being as much as four points off and one, Bethlehem Steel B off eight points at the close.

Profit taking and liquidation of holdings depressed prices considerably. The marine issues, as well as steel stocks, were under pressure. Marine preferred closed at 8 1/2, off 2 1/2. United States Steel closed at 10 1/2, off 2 1/2.

Marine stocks were under pressure with the preferred off over two points.

## WHAT ABOUT YOUR EYES?

IF you suffer from dull or periodically sick headache,  
IF your eyes smart or burn and the lids become inflamed,  
IF you experience pains or aches in the eyeball or in the top or back  
of head, extending oftentimes into the neck or shoulder,  
IF the letters blur and run together and you become sleepy after  
reading a short time,  
IF you are troubled with nervousness, dizziness or a constant tired  
exhausted feeling,  
IF you get sick at your stomach easily while riding or mingling with  
a moving throng of people,  
No matter how clear your vision, if you are experiencing any of  
the above troubles, stop in and have a talk about your eyes.  
No charge for examination. No one urged to buy.  
Glasses recommended only when necessary.  
Remember we are actual lens makers and design and make the  
glasses to suit your individual requirements right here in our store—  
charges are very moderate.

# "Rose Maiden"

Hear the Community Chorus of One Hundred and Twenty voices, with full orchestral accompaniment, give Cowen's famous cantata, "Rose Maiden," at the High School Auditorium, Tuesday evening, April 10th. General admission 35 cents. No reserve seats. Tickets may be had from any member of the Ladies' Musicale. Tickets are also on sale at Hagar's, Freund's, Flood and Blake's, Anderson's, Win Nye's, Miller's drug stores and Brandau's book store.

Waists for just \$1.00 that will win the favor of every thrifty woman

Yes, surely they're the Wirthmore—for in no other dollar waist would such values be possible. Even though you usually wear more costly blouses its real economy to have a few Wirthmores for general utility wear thereby saving the better blouses for the dress-up occasions.

## Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, trouble, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, O. Office Phone 60.

since we had 35 states.

A READER.

About 44 years ago.

McDermott, O. Dear Miss Wise—

I am a girl of 23 and I would like for you to answer a few questions for me. How late can a girl sit up at night. Don't you think I am old enough to go with the boys. I have three beaux. One lives here, one at Woodstock and one in Portsmouth. Which one shall I take. I am in much trouble.

A POPULAR KID.

Do you mean to sit by yourself or with one of your admirers. About 9:30 or 10 is late enough to have callers, especially in the country where they go to bed with the chickens and get up about four o'clock. Take the best one while the taking is good.

A BRIDE—You write to your friends and sign your name and your husband can write to him. You can mention his name in your note and he can do likewise.

Dear Dolly—Who was the first woman that went through a surgical operation for tumor and gall stones, and was it a success. That young man (G. E. D.) who was wanting a good companion, is he white or colored? Does he use tobacco in any way? Is he a Christian? What is his occupation? Q. X. Z.

I do not know the name of the first woman to undergo an operation, and I do not know anything about G. E. D. other than what he has told about himself in his letters.

Miss Dolly Wise—Please print for the worried dreamer. Earthquakes to the dreamer foretells sickness. Flowers, to see them in season and of bright colors, signify a pleasant and

amorous life; to see them out of season, and white, the frustration of your plans; if they appear yellow, bad success in your undertakings. Red flowers, success in love. Figures: All figures below 75 signify success above 75, uncertainty. To see lightning, foretells the death of a relative. Dream of seeing the sun, portends of great war. Christ: If you dream you receive pure favors from Him, it shows good health. War signifies trouble and danger. Go to the war, good news. Be in darkness and can't find the way out, is bad to dreamer. We must trust in God and obey His rules.

CHARLES C. RAPE.

Wakefield, O. Star Route 3.

Dear Dolly—Will you please tell me how to clean white buckskin slippers? Thanking you.

MARGARET.

You can buy a preparation at any shoe store for cleaning white shoes.

Dear Miss Dolly Wise—I have a beautiful yellow and white quilt. The yellow is applied onto the white. It is just a beauty. It is a little soiled and I would like to wash it, but I am afraid the yellow will run into the white. Can you tell me something that I can put into the water to settle the color to keep it from running into the white. I also have

If the colors are "fast," it will wash beautifully in warm water and ivory or any good white soap. You might soak it in salt water first, if you think it will fade. Why not advertise your fancy work for sale, or place it on exhibition at some of the local stores. Phone me on 60 some morning.

Dear Miss Wise—When will the 50 hour a week law for women go into effect? OFFICE GIRLS.

Not for at least 50 days.

## SOCIETY

Mrs. Henrietta Mathews, of Scioto Trail, announces the engagement of her charming daughter, Imogene, to Mr. William Howard Harsha, eldest son of Mr. P. H. Harsha. Miss Mathews is a sweet, lovely young girl, eldest daughter of Mrs. Mathews, and the fine young man of her name is known in business with his father. They are both well known and popular young people of the young society set.

## Liver Trouble Signs

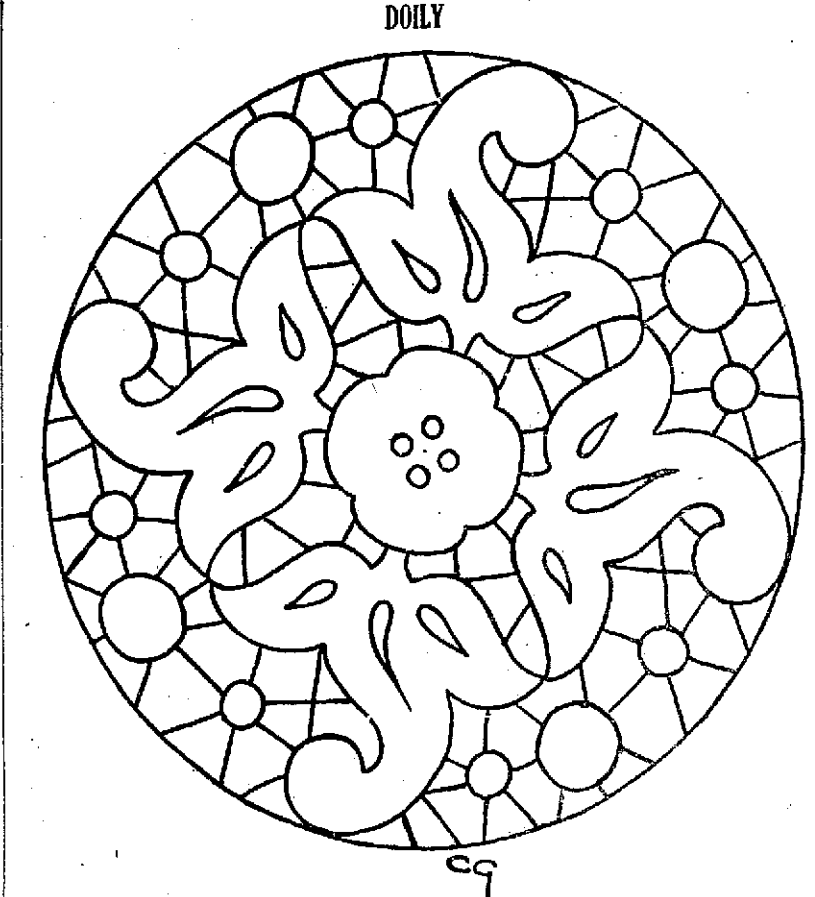

Headache, dizziness, bad taste in the mouth, bad breath, bad complexion, coated tongue, etc., are all signs of liver trouble—of clogging up of the natural health channels, by overflow of bile, indigestion, etc. If you suffer from any of these disagreeable symptoms; if your meals don't taste right; if your appetite is poor; if the food you eat doesn't digest, the first thing to do is to purify your system with a general, cathartic, liver medicine. For more than 75 years

## THE FORD'S Black-Draught

the vegetable liver medicine, has been in successful use for just such troubles.

Mrs. John Simonson, of McLeansboro, Ill., says: "The Ford's Black-Draught is surely a fine medicine. I have taken it for liver and kidney troubles, also headache and it bears any medicine I know of. It cured me of those troubles. I would not be without it in the house."

Try this remedy for yourself. At all dealers. Costs only 25c a package, one cent a dose.

The flowers and circles are done in eyelets; leaves in satin stitch; barred spaces in ladder stitch. Use medium weight linen. Finish with a narrow edging or file edge. Use mercerized cotton No. 25.

### DIRECTIONS FOR TRANSFERRING

In taking off these patterns, lay a piece of impression paper up on the material, place the newspaper pattern over this, and with a hard, sharp pencil draw firmly over each line. If the material is knicker it may be laid over the pattern and drawn off with pence, as the design will show through.

No patterns of these designs are available.

Why Hair Falls Out

Dandruff causes a reverse irritation of the scalp; the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.

The Bigelow Methodist Woman's Foreign Missionary Society will meet Tuesday afternoon at 2 o'clock at the home of Mrs. Floyd Fuller, on Offshore street. This is thank-offering meeting and the treasurer urges all members to bring their offering. The assisting hostesses will be Mesdames Merle Duda, Oscar Royer, A. R. Chandler, Misses Margaret Lloyd and Edna Davis.

Mr. and Mrs. El Schwartz and his daughter, Jean, of Mayfield, Ky., are visiting the former's sister, Mrs. Howard Scott, of Third street.

Graves Williams will leave tomorrow for Philadelphia, where he will resume his studies at University of Pennsylvania.

Mrs. J. S. Pearce, who was operated upon the sixth of December at Hempstead hospital, is slowly recovering. Mrs. Pearce was able to get up for awhile, but has been again confined to her bed for the past six weeks.

G. Wash Williams and family have returned from St. Petersburg and Passaic, Fla., after having been in the South since Dec. 21. They will be at home on Rosemont Road next week.

Misses Henrietta Schickler and Isabel Harris, of Lancaster, O., are the guests of Miss Julia Law, of the Alexandria Apartments. They will remain over Easter.

Mrs. Fred Hammer and daughter, Dorothy, of Branton, are here to spend Easter at the home of Mr. and Mrs. John Hopkins.

Gas, Heartburn, Indigestion or a Sick Stomach

"Pape's Diapiesin" Relieves Stomach Distress in Five Minutes.

Time it! Pape's Diapiesin will sweeten a sour, gassy or out-of-order stomach within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is usually a sign of acidity of the stomach.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin helps to neutralize the excessive acid in the stomach which is causing the food fermentation and preventing proper digestion.

Relief in five minutes is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to usually keep the entire family free from stomach acidity and its symptoms of indigestion, dyspepsia, sourness, gases, heartburn and headache, for many months. It belongs in your home.

R. L. Gilbert is at home from his regular trip to spend Easter with his family on Fourth street.

Miss Emma Cramer has gone to Ashland, Ky., to spend Easter at the home of Dr. and Mrs. John Folsom.

Elton Schmidt has returned to his studies in Carnegie, Pa., after a week's visit to home folks here.

The Crusaders' Class of Kendall Avenue Sunday school will hold a sunrise prayer meeting Sunday morning at the church.

The Trinity Methodist King's Sons and Daughters held a large and interesting meeting last evening at the home of Mr. and Mrs. Charles Brasie. There were fifty present. After the regular business an enjoyable program was given as follows:

Violin—Miss Lelona White, accompanied by her sister, Mrs. Watts.

Piano—Miss Nina Compton.

Reading—Miss Dorothy Goetz.

Vocal—Mrs. Ross Ford.

Reading—Miss Vesta Spickham.

Piano—Gordon White.

Schwerdt stated he had just come from the south seas and was short of coal, had only about fifty tons on board and requested 1,500 tons of coal and provisions to reach his home port in German East Africa. The governor replied that he could only furnish two hundred tons of coal and thirty days provisions only could be spared and the commanding officer was given the alternative of departing within twenty-four hours or being interned.

"On December 15, 1914, the commanding officer decided to remain in port and the ship and its personnel were interned.

"The following were on board:

Twenty-one officers, one midshipman, eleven deck officers, 307 petty officers and men, four Chinese and 29 South Sea natives."

## Huge Credit

tration will be raised by a bond issue. The remainder will be raised by taxes. Suggestions of new sources of income through taxation are included in the plan now of the administration.

On other sources already taxed the income will be increased by systematically boosting the tax. Liquor and tobacco will suffer most.

It is understood the credit of this country is to be extended to England and France by this country selling bonds and taking with the proceeds thus raised, the bonds of the Entente Powers. The United States will be at no real expense because of the transaction. Such interest as it has to pay will be met by the interest on the bonds of the Entente Powers. The proceeds will be expended in this country.

The allies will be enabled through the government of the United States to get money at a lower rate than they could get it at home.

Secretary McAdoo later in the afternoon held a conference with members of the house ways and means committee.

The German auxiliary cruiser *Cormorant* was blown up in the harbor of Apra, island of Guam, today by the crew of the *Cormorant*, sinking immediately. One warrant officer and one enlisted man are dead, one warrant officer and four enlisted men are missing.

in opposition to the greatest enemy and menace to democracy."

Secretary McAdoo took the first steps toward raising the \$3,500,000 asked—the first war financing fund.

Suggestion was made the United States extend credit of from one to five billion dollars to the allies.

Secretary of War Baker, General Crowder and Major General Scott, chief of staff, conferred with the house military committee on the administration's bill for raising men to fight Germany.

Baker asked insertion of a provision in the staff bill for conscription of technically trained men to be used in the engineering and signal corps.

The Austrian situation, while tense, remained officially in status quo late this afternoon.

Official crop estimates show that winter wheat this year will be fifty million bushels less than last year and 240,000,000 less than the year before.

The navy department was officially notified that the German cruiser *Cormorant* had been blown up by her crew in the harbor of Apra with the loss of at least one German officer and a seaman. One officer and four men are "missing."

## BRAZIL IN WAR MOOD

Rio De Janeiro, April 7.—The Brazilian government today re-quisitioned for government use the entire fleet of the Companhia Comercio Navigation together with all docks and appurtenances for "purposes of national defense."

The German and Austrian legations were put under guard.

Public excitement is at high pitch against Germany and apparently favors Brazil's alignment with the United States against Germany.

Fresh flames were added to this fire of indignation against Germany.

The fourth engineer and two firemen were killed by the explosion and a majority of the *Parana's* crew were wounded. Life boats bearing the survivors were afloat 12 hours before a French destroyer picked them up.

## Ohio Naval Militia Prepare To Mobilize

Cleveland, April 7.—Ohio's naval militia were preparing to leave today for mobilization points. Secrecy cloaked their destination and the time of departure.

Two hundred men in Cleveland and probably as many from Toledo are affected by the order. Other towns along Lake Erie are also contributing.

Naval militiamen had the envy of Ohio National Guardsmen today. No orders to mobilize the guard have been received though Adjutant General Wood at Columbus waited at his office late in the night and officers there were on deck bright and early today.

## CUBAN PRESIDENT ASKS WAR WITH GERMANY

Havana, April 7.—President Menocal yesterday sent a message to congress asking that body to declare that a state of war exists between Cuba and Germany.

New York, April 7.—With the formal declaration by Cuba of a state of war with Germany, the Cuban government, following the course of the United States, intends to seize three German ships now in Havana harbor. This was announced today by Republic of Cuba News Bureau here, a Cuban government agency.

The ships are the *Bavaria*, 3,393 tons; the *Adelphi*, 2,176 tons, and the *Kydonia*, 2,390 tons. An Austrian ship, the *Virginia*, 3,563 tons, is also in the harbor.

It was also reported that the other members of the central powers alliance, Turkey and Bulgaria would shortly announce formal severance of relations with the United States.

Count Tarnowski has never formally recognized as ambassador to the United States. He is now in Washington and has been there for a month or more waiting for the United States to receive him formally as a diplomat.

In the meantime, although there was no official explanation, it was intimated that Tarnowski was not being formally accredited because America was waiting to see whether Austria approved Germany's ultimatum.

Count Tarnowski succeeded Count Dumba, whose recall was asked by the United States because of his propaganda activities.

## Plea For 'Internal Concord' In Russia To Crush Germany Made By U. S.

Washington, D. C., April 7.—America today sent to Russia a greeting in which she declared "this country arrays itself in opposition to the greatest enemy of, and menace to the democracy in the world," and expressed rejoicing that the people of Russia have merged into a mighty democracy. The message made a significant plea for "internal concord" in Russia in order to crush Germany.

## Order Civilian Camps Abandoned

Washington, D. C., April 7.—The war department today issued orders to abandon all civilian training camps. They will be replaced with training camps for reserve officers. Such reserve officers' training camps will be established in each sectional department of the army.

## CREW REACHES GENOVA

Washington, D. C., April 7.—Arrival of the entire crew of the torpedoed American steamer *Missonian* in Genoa, April 3, was reported to the state department today by the Genoa consul.

## CONFERS WITH PAGE

London, April 7.—Viscount French, commander-in-chief of England's "home forces," conferred with American Ambassador Page at the embassy today.

## Officials In Dark As To Happenings In Mexico, Carranza Ousted, Report

Washington, D. C., April 7.—Communication re-established today between Mexico City and Washington, revealed no fighting in the Mexican capital and did not confirm the report that General Carranza had been imprisoned, it was stated at the state department.

Washington, April 7.—What may be happening behind the scenes in Mexico was the cause for some concern here today.

The Mexican capital has been out of communication with this capital for some time.

Both the state department and Mexican authorities admitted that they do not know what is proceeding here.

Coupled with unofficial reports of fighting in Mexico City and the "rumor" that Carranza had been overthrown by General Obregon, the lack of communication was at least disturbing.

In Mexican quarters, the rumor as to Carranza was branded as "impossible," though in the same breath the Mexicans confessed they did not know what the status in Mexico City was.

The real danger in the situation is that German money may have tainted the situation in Mexico City and really have caused Obregon to act against the first chief.

Obregon's position has been a subject of doubt though when any question as to his loyalty was brought up both American and Mexican officials were quick to defend him as being staunchly behind the first chief.

In view of the Zimmermann note there may be extreme significance in Mexico City's silence.

Meantime, the attitude of Costa Rica toward the United States is still further cause for concern.

President Tinoco, who usurped the government recently, is known to be sounding out this government as to its feeling toward recognizing him, and the hint is that if the United States does not alter its previous opposition to him he will make friendly overtures to Germany and permit that nation to establish submarine bases along its coasts.

## Heavy Artillery Active

(By United Press War Expert)

New York, April 7.—The western front fighting reached the heavy artillery stage today, official and battle front reports indicate. Paris reported "violent cannonading" east and west of the Somme—in the St. Quentin district "very active artillerying" northeast of Berry Au Bac and in other sectors.

No official report was obtainable from the British front, dispatches indicated activity of British artillery and a vast amount of aerial reconnoitering evidently with the idea of locating artillery ranges as well as spying out the enemy.

"The heavy artillery stage" probably means the allied forces have advanced very close to the permanent Hindenburg line.

Berlin (via London)—April 7.—Repulse of a French attack to recapture the trenches lost around Saigneville with heavy losses to the enemy, was reported in today's official report.

To the left of the Meuse the statement said French battalions thrice vainly attacked in Malancourt wood.

The war office declared in one day the allied forces lost forty-four aeroplanes, and one captive balloon. Five German airmen did not return.

Paris, April 7.—Violent artillery actions with considerable fighting between reconnoitering detachments was reported from various sections of the western front in today's official statement.

A German attack south of Ville An Bois was repulsed and in hand grenade fighting, east of Champaigne the advantages was with the French forces.

East and west of the Somme there was violent cannonading during the night in the region of Dallon and Grigie.

There were patrol encounters east of the lower forest of Cogey. Germans reconnoitering northeast of Soissons were caught under fire of French artillery and dispersed.

Artillery was also very active northeast of Berry Au Bac. French troops successfully raided a German trench in the Avoncourt wood, west of the Meuse.

## PROWLERS SHOT BY SOLDIERS

Trenton, N. J., April 7.—Two men were shot by militiamen here early today when they refused to obey orders of soldiers guarding Pennsylvania railroad property.

Frank McGrath, 35, was shot in the abdomen. Frank Henry, 25, was shot through the jaw while prowling along the river bank near the road's stone bridge. Both will live. The men refused to halt in sentries orders.

## May Raise Freight Rates

Washington, D. C., April 7.—There were strong official indications today that the interstate commerce commission would immediately take steps to grant increases in general freight rates to the country's railroads as a result of the change in railroad conditions due to the war.

Four or Five Bottles I Used Was Worth More Than All Other Remedies I Ever Used

Mr. Daniel Rohrbacker, Castalia, Ohio, writes: "I want to say a word for Peruna. I used it for catarrh of stomach, and it relieved me in a short time. Four or five bottles I used was worth more than all other remedies I ever used."

Mr. Henry Kneek, No. 1115 S. Vista Ave., Jacksonville, Fla., writes: "I had a pain in my stomach. I followed your advice and used three bottles of your Peruna, and I am all right now. I am very thankful for your advice and your medicine."

## GERMAN TROOPS KNEW NOTHING OF U. S. ACTION

WITH THE BRITISH ARMIES AT THE FRONT, April 7.—"America has declared war!" Was the flash that went jubilantly forward over all field telephone and telegraph lines to the fighting line today.

"Gee whiz! Man I feel like hugging you," voiced an ordinarily quiet staff captain of the Canadian forces, whose mother was a Philadelphian, as we approached a group of Canadian officers at an advanced position.

"The Canadians are proud of the United States—just as proud as any American could be," he continued. "This will mean much in our future of neighborly relations."

"D'ye see that?" he inquired pointing to a hurricane of shells bursting over the Germans. "Well, those are our fireworks in celebration."

Dallon and Grigie are both about three miles south of St. Quentin.

## "GO THE LIMIT"—SUNDAY

New York, April 7.—Billy Sunday's message to America at war is: "Go the limit!"

It was the keynote of the evangelist's message to his fellow countrymen, delivered by wire today on the eve of his arrival to begin his New York campaign tomorrow afternoon.

Sunday expressed amazement at the patience of the administration and the people, and added:

"We did not invite the conflict, but now that we have been forced to declare war, we must go the limit."

"With new meaning we sing from the Atlantic to the Pacific, 'My Country 'Tis of Thee'."

"The future peace of the world demands the overthrow of Prussian militarism; and the uncovering of Germany's spy system."

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes  
—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

## Wrong Shoes

Artemus Ward once remarked, "There is one thing to be said in favor of tight shoes—they make a man forget all his other troubles."

It isn't always the "size" of a shoe that causes a misfit. It's the make of the shoe, the material, the shape of it.

Your feet are "traveling companions" that carry you everywhere you want to go. They are valuable servants and expect to be treated well.

Easy, glove-fitting shoes are the greatest comfort your feet can have.

No matter what kind of foot you have, we'll fit it.

We are not shoe sellers, only—we are foot fitters as well.

Gets A New Location  
On Chillicothe Street

It was authoritatively announced, Saturday morning, that the modern business block to be erected by Michael Friel and which is to be located directly north of the Eselhorn building, 408 Chillicothe street, would be occupied by The Criterion Clothing Co., now located in the Wertz property, Third and Chillicothe streets. The new building when completed, will be one of the most modern business houses in this section of the state and will be designed to meet every necessary requirement.

The building will be two stories and basement and will be 30x130 feet and will be entirely occupied by The Criterion Clothing Co. The lower floor will be used exclusively as a sales and display room, the upper floor being used for a stock room, although it will be partitioned so as to permit of a showing of trunks, valises, suit cases, etc.

While there will be perhaps no elaboration so far as the exterior of the building is concerned, nevertheless the structure will be modern throughout and will cost in the neighborhood of \$30,000. It is to be completed and ready for occupancy by September 1, in this year, and will no doubt be occupied by that time. Devoss &amp; Donaldson prepared the plans.

Much attention will be made to the construction of the display windows. They will be double deck affairs and will be designed by experts as will the interior of the store room. It has been de-

## Woodmen Patriotic

That the members of the Modern Woodmen of America are full of the proper brand of patriotism and ready and willing at all times to present a solid front, even though that would mean to attack the first line trenches of the enemy, was shown Friday night when a resolution endorsing the actions of the president and Congress in declaring war against Germany was unanimously and heartily passed. The resolution was introduced and passed in less time than it takes to tell it, and immediately thereafter the members stood and fervently sang "America."

The resolution was introduced at the close of one of the finest meetings ever held by Portsmouth Camp No. 3093, a meeting that was attended by more than 150 members. Ten candidates were obligated, the work being put on in a most impressive manner, and which was thoroughly enjoyed by the large assembly. Another large class will be adopted within the next few weeks, for there are perhaps more than thirty candidates on the waiting list. Six applications were received and favorably balloted upon at last night's meeting, all of which shows the organization is enjoying a splendid and healthy growth.

At the conclusion of the work the meeting was turned over to the entertainment committee, and there is no use taking up time to say the committee was right there in the furnishing of the feed. There was plenty for all, and all had a plenty.

Just a Spoke in  
the Wheel of a Reo—  
But "50% Oversize"

IF YOU'LL MEASURE IT and then measure and count the spokes in the wheels of other cars, you'll see the tremendous difference—and realize the greater safety of riding in a Reo.

"50 PER CENT OVERSIZE" in all vital parts, is the Reo standard factor of safety—and when you consider, you'll agree that the spokes in the wheels, carrying as they do all the load and sustaining all the lateral as well as vertical and driving stresses, are "vital parts."

AND YET YOU'LL FIND that most other makers consider this a safe place to skimp when designing a "light car" to meet a price competition.

PICTURE SHOWS EXACT DIAMETER of a Reo spoke. And there are twelve in front as well as rear wheels—for the turning stresses on front spokes are severe.

AND THEY ARE FROM first grade second-growth hickory, too—every spoke carefully inspected before going into a Reo wheel.

A TRIFLE MORE WEIGHT—Yes. Granted. But also 50 per cent more strength. 50 per cent more security—1000 per cent more confidence in your car in emergencies.

THIS SPOKE IS ONLY one of many places where Reo engineers, from the fullness of their experience, put "a little more for certainty."

IN ALL BEARINGS—in motor crank shaft; in axle; in gears—all vital parts; they put that "50 per cent oversize"—and the low maintenance cost, the small upkeep and repair bill of Reo cars are the result.

PRICE OF REO THE FIFTH is still \$875 f. o. b. factory. The new Reo Six, \$1250—but subject to increase without notice.

## MAY ORGANIZE FOUR CLUB LEAGUE

An effort will be made to organize a four team Saturday afternoon baseball league at a meeting to be held early next week at the Bureau of Community Service rooms on the seventh floor of the First National bank building.

M. E. F. Kinsley head of the recreation department of the Bureau is in charge of the plan to organize the league. It has not been decided whether it will be just a factory league or city league. All interested in the Saturday afternoon league should be present at the meeting the time of which will be announced Monday. It is planned to start the schedule about May 15 and end September 1.

Dixie, Johnny Dobbs is crazy to have DeBerry back with him, but there is no chance, as Manager Danny Shay of the Brewers told Fohl he had captured a real prize in Henri.

De Berry started his baseball career with Chillicothe and when the Babe Runked he went to Maysville.

Oxford, O., April 7.—Physical Director Al Brodbeck, of Miami university announces that this year's football game between Miami and Ohio Wesleyan—Miami's home-coming game—will be played Oct. 27, instead of Oct. 20.

The Texas league opened the season Thursday April 5, it being the first league to pry the lid off the 1917 baseball season. Cornwell, Heilly, Bittle, Crouch, Cain, Donalds, Bush are former Ohio States in this league.

Pete Schneider and Clarence Mitchell, Red pitchers, are leading candidates for the job of pitching the opening game of the season against the Cardinals at Hotland field next Wednesday.

Akron, April 7.—Another effort to land Bennie Leonard for a match with Johnny Griffiths is being made by Bernie Strapp. Strapp has made several offers to the New York heavy lightweight to show in Akron.

Chicago, April 7.—Only great loss of life in war can prevent the playing out of the National league schedule this year, according to a message received from President Tenth. His telegram says: "I believe the American people will indulge in their favorite forms of recreation this summer as heretofore unless great loss of life results from war."

Lucasville  
Scioto Valley Grange will hold a special meeting Saturday April 7. A class of 20 candidates will be initiated Saturday night, April 14. Matter of building a new Grange hall near the Lucasville fair grounds. It is also planned to have a two story building.

## GOOD SHORTSTOPS SCARCE ARTICLE

"The rarest thing in baseball," says Larry Sutton, the Reds' new scout, "is a high-class shortstop."

"I know a number of clubs that would give untold wealth for a Fletcher, a Maranville or a Bush, but finding one in the minors is the hardest job I have had handed to me for years."

"At that, I believe I finally plugged Brooklyn's hole at short, doing so after I had several connections with that team for over a year."

"Jake Daubert came to me last fall and said, 'Larry, where can we get a shortstop?'"

"Grab Fabrice from Providence," I told him. "The Dodgers drafted him and now he's listed as the infield find of the year."

"I was working for the Detroit team at the time I recommended Fabrice to Brooklyn, but don't consider that I showed any disloyalty to Detroit, because the Tigers already had Bush."

Sutton is the first regular scout the Cincinnati club has employed for some time and he is glad to get with the Reds.

"Matty has the foundation of a corking good team," says Larry. "If I can find the players he needs to make it a pennant winner, I'll be as happy as any man connected with the club. And I have a line on a few men I think will help the Reds a good deal."

## Branch Rickey To Be President Of Cardinals

St. Louis, April 7.—Branch Rickey will be the official president of the St. Louis National league baseball club after 6 o'clock tonight. The court allowed a permanent injunction against Rickey without hearing evidence.

A stipulation specifies that the American league relieve Rickey of the injunction 24 hours after its being granted on condition that the National league team will not attempt to contract with, until after July 1, Legore of Yale, Brandel of Michigan or Wright of Ohio State University. The agreement further specifies that Rickey is to use his best efforts to have the National league club turn over to the Americans Clyde DeFate, infielder, whom the Americans allege belongs in good faith to them.

Philadelphia, April 7.—Second baseman Earl Browning, the last of the Philadelphia National league baseball club holdouts, signed a contract today. It is understood his salary demand was met.

Memphis, Tenn., April 7.—Henri DeBerry, the catcher, Cleveland purchased from New Orleans last September, turning him over to Milwaukee this winter, is rated by experts in the Southern Association as the only good catcher in league.

## Negro Tries To Escape; Is Shot In The Leg

An attempt of a negro, known as "Flathead," arrested on a charge of suspicion, to escape from the police, was frustrated early Saturday morning by Officer George L. Cox, who pulled his revolver and shot the fleeing negro in the left leg. The shooting occurred at Gallia and Monroe streets at 2:40 o'clock this morning.

At Hempstead hospital, where the negro was taken, it was reported that "Flathead" had not sufficiently recovered from the effects of whiskey to determine his condition.

The official police report shows that a call was received by Night Sergeant Pete Price about one o'clock from a street car man, who said that two suspicious negroes had been prowling around the Illinois district and had accosted him for information.

Sergeant Price located Officers John H. Lewis and George L. Cox and sent them to look up the pair. The patrolmen found them at Gallia and Monroe streets and placed them under arrest. The office was notified of the arrest and the City Service machine was sent to get them.

In the meantime the negro known as "Flathead" broke away from the

officers and started down Gallia street. Officer Cox pulled his revolver and fired, the bullet striking the negro in the left leg. The injured negro was taken to the hospital and his partner to the city jail.

Police record relates: "I had a call from someone who said he was a street car man. He said there were two negroes who asked him where they could get a car for New Boston. They were at the corner of Seventeenth and Officers streets. He told them to go down to Officers street. It was somewhere near one o'clock."

"I told Officers Lewis and Cox to be on the lookout for them. They found them at Gallia and Monroe streets. Cox called in and said they had them. I told him to search them and see what they had on them. One of them started to run and Cox shot him in the leg. He is at the hospital. They had skeleton keys."

These Things Happened Twenty-five Years Ago

(From our issue of April 9, 1892)

When a very pleasant affair took place at the home of George D. Selby on April 1st. It was Mr. Selby's 40th birthday anniversary. Irving Drew, Mr. Selby's partner in business, kept Mr. Selby at the factory late on purpose in order to let friends gather at the home. Mr. Selby's Sunday school class was present in a body. Among those present were Walter Pursell, Will Altman, George and Will Clayton and "Art" Moore. An antique oak chair was given Mr. Selby by the class, Dr. Arthur Moore making the presentation speech.

A DENTISTS FORMULA

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podoophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any drugstore in convenient sugar-coated tablet form by asking for Senreco Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Senreco Remedies Co., 302 Madison Ave., Covington, Ky.

## Shall We Go It Alone Or Join the Democracy of Europe In Fighting Germany?

Shall we send an over-seas army to join the Entente Allies? Is it best for our Navy to cooperate in destroying German submarines? Will unlimited financial assistance to the Allies prove most effective? Or, shall we wage war with Germany independently of her other antagonists?

On these questions editorial opinion throughout the United States is sharply, tho far from evenly, divided, most of our press seeing in the European war a conflict of principles, a struggle between absolutism and democracy, declaring that the United States should cast its lot with the Allies on the firing line of democracy. The "go-it-alone" side of the argument is concisely stated by the Leavenworth Times: "This is an affair of our own with Germany. To be sure, the fact that Germany is having trouble with us probably will be of material assistance to the Entente Allies, but in their fight with Germany we still are neutral."

The leading article in THE LITERARY DIGEST for this week (the issue dated April 7th) presents the consensus of editorial opinion throughout the country on the steps that should be taken in the present situation. All view-points are given.

Other timely articles on the war, and other subjects of world-interest, in this number of THE DIGEST are:

### Perspective the Only Key to Perfect Understanding

There is an old proverb to the effect that the onlooker sees most of the game. The player's conception of it as a whole, that is as removed from his individual effort or experience, is bound to be blurred and clouded by the dust and noise of the struggle. The observer notes the movements of all the players, grasps the massed combinations, and surveys the ebb and flow of the contest with cool understanding. The reader of THE LITERARY DIGEST has the benefit of such observation. He has summarized

for him weekly an impartial review of what is being thought, said, and done on all sides of the great questions that are absorbing the interest of the world, and he gets the inestimable advantage of perspective. THE DIGEST takes no sides, keeps out of the struggle of politics, social disputes, trade rivalries, and the rest, and records all view-points. Begin reading it at once if you really wish to understand the great game of life as it is being played today.

Turn in your name at once. The Times wants to reach the 500 mark for the club Monday.

Yes! He is in our city. A professor of home gardening. And he will tell you how to raise the biggest potatoes, the reddest tomatoes, the juiciest corn, the tenderest peas, the most succulent rhubarb, the mildest onions, and beans without strings. He is Attorney B. F. Kimble, 1026 Hutchins avenue, and he has offered to take for distribution in his end of town, the pamphlets on gardening, received by the Bureau of Community Service, from the Government, and he will act as advisor and instructor for the home gardeners in his neighborhood.

Jane Norris, six-year-old daughter of Mr. and Mrs. Charles G. Norris, of 1610 Mound street, is the youngest member so far enrolled in the Peerless Garden Club.

Frank Johnson and his son-in-law, Charles Clowe, are going to raise beans, cabbage and potatoes on two vacant lots in Wheelersburg.

Back of their store on Gallia street, the force of the Liberty Credit Clothing Company is making a garden.

It has been suggested by a business man that land along the flood wall be gardened. Since flood dangers are over, much of this land on either side of the wall would be available and could doubtless be made to produce some kind of vegetables.

New members of the club include today: Mrs. Ruth Stenshoen, 319 Front street; Mrs. John Grummel, 389 Front street; Mrs. Kate Burkhardt, 391 Front street; K. F. Fannin, 1903 Gallia street; William G. ## An Antidote For Uric Acid Poison

(By DR. L. C. BABCOCK)

There is a process going on within the body which often poisons us. It is something like the story of the snake being able to kill itself with its own poison. This is the formation of uric acid in excess within the body. It is a waste product, which takes place in the liver. This poisonous uric acid is then passed on to the kidneys, which act as a filter to pass off and excrete this poison. If the kidneys are clogged up, inactive, the poison degenerates these organs and causes kidney disease. If it is deposited in the tissues, around the joints of the body, it causes rheumatism or gout.

Consequently we must do everything to throw off this uric acid poison, and simple methods are best. Flush the kidneys by drinking plenty of water between meals; a pint of hot water, morning and night is splendid. Take Anuric (double strength) three times a day for awhile and get the kidneys to working by flushing out this poison. That painful affliction, known as gout, as well as muscular rheumatism, is caused by the uric acid crystals being deposited in the big toes or tissues. The man who uses his brain, perhaps over-taxing his nervous energy will suffer fits of "blues," depression, headache, sleeplessness, loss of memory, all due to the poison of uric acid. The man who does physical work, using his muscles, occasionally complains of sluggishness, muscular tired feeling, muscular stiffness or aches, neuralgic twinges—symptoms all due to this uric acid accumulation. In every case I advise hot water, and Anuric taken three times daily—a simple, safe remedy, which is to be had at almost every drug store.

Awarded Judgment

The following from this week's issue of the Waverly Republican is of interest here as Dr. McCann is now located in New Boston:

"The trial of T. H. McCann vs. Sam Current came to a rapid ending here. Instead of going to trial a motion was argued and McCann was given a judgment for \$281.35 and costs against Mr. Current. This was on a cognovit note. Defendant excepted to all rulings of the court in the journal entry. While Dr. McCann was here he was served with summons in the suit for \$500 brought against him by Mrs. Lucy Elyar, administratrix of the estate of John A. Elyar."

## NOTICE TO THE PUBLIC

In view of a "Brighter Portsmouth Campaign", the Service Department will commence to make a thorough cleanup of the city Monday, April 16th, 1917.

People in general are requested to clean up their premises, and have the refuse placed in the alleys or streets by the above date. Contractors and others making any building improvements, are hereby notified to please have all rubbish, dirt, etc., hauled away at their expense during this "cleanup."

RALPH CALVERT, Director of Public Service.

## Wesley Hall Mission

With the coming of the Spring days and April showers, there comes the desire to clean up the yard, barn and garage, as well as the house.

With this Spring work at hand, there are hundreds of homes in the city and surrounding towns which will have clothing, shoes, hats, furniture, books, papers and magazines which will be used no more in the home. You will want to dispose of these things. We want to ask anyone having such articles to contribute them to Wesley Hall. Call us up. Let us send our wagon to your home. No matter how small the amount, we will gladly come, or you may feel free at any time to stop our wagon on the street and give your call to the driver. To our friends out of the city, we appeal to you for your co-operation in our work. If you have clothing, shoes or magazines which you will spare, box them up and ship them to us, or bring them when you come in next time. The support of the Mission comes fully from its industrial department. With so many schools and merchants now halting and selling their waste paper, also so many families selling their magazines and second-hand clothing, we feel the need of many things which we are not getting. We want to appeal to our friends to stand by us. Wesley Hall is a religious institution. We want to ask the churches of the city to stand by us in contributions, as well as in prayers. Call 409 11.

## CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! See if Tongue Is Coated, Breath Hot or Stomach Sour

"California Syrup of Figs" Can't Harm, Tender Stomach, Liver, Bowels

Every mother realizes, after giving her children "California Syrup of Figs", that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative" and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When this little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

## SUNDAY SCHOOL

Lesson II.—Second Quarter, For April 8, 1917.

THE INTERNATIONAL SERIES.

Text of the Lesson, John xi, 17-44.

Memory Verses, 25, 26—Golden Text, John xi, 25—Commentary Prepared by Rev. D. M. Stearns.

The lesson chapter today is out of the regular order, just one lesson, because of its being suitable for Easter.

This is the home in Bethany which seemed to mean more to Jesus than any other and to which we were introduced in Luke x, 38-42, when Mary anointed his feet, but not restfully. Mary serving also, but finding time to sit at Jesus' feet and hear His Word and commended by Him. We shall visit them again two weeks hence. In Matt. xxvi, 6, it is called the house of Simon, the leper, and we feel like asking some questions, that we may know the family better. But when shall we ask? Until we can see them and inquire more fully, if it shall then seem best, let us rejoice with them that Jesus loved each of the three, as it is written, "Now, Jesus loved Martha and her sister and Lazarus" (verse 5). Many Marthas have been made glad by this verse. I am glad because the Son of God loved me and gave Himself for me and that He loves with everlasting love and to the uttermost (Gal. ii, 20; Jer. xxxi, 3; John xiii, 1, 11, v. 13). Why He permits sickness and suffering and death to come to those whom He loves is a constant question with many, but there is comfort in the assurance that He is love. His way is perfect. No real evil can ever come to His own, and the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us (I John iv, 8; Ps. xlviii, 20; xcl, 10; Rom. viii, 18). Why He did not go to them as soon as He received the word, but abode two days where He was (verse 9), is another perplexity, but we must have absolute confidence in Him and keep singing, "Just and true are Thy ways" (Rev. xv, 3).

It would be well if the last clause of verse 4 held us under all circumstances, "For the glory of God, that the Son of God might be glorified." Glory to God in the highest is the first thing, and then peace (Luke ii, 14). When He did come Martha met Him first and Mary a little later, but both greeted Him with the same words, "Lord, if Thou hadst been here my brother had not died" (verses 21, 32). They sound reproachful, but He understood and loved them just the same. He spoke to Martha of resurrection, but she thought that He spoke of some far off event (23-26). The resurrection of the righteous should be to believers an ever present possibility and also the thought of being caught up without dying, both of which He here asserts. See also I Thess. iv, 14-18; I Cor. xv, 50-53. Not something in the far distant future, but a possibility any day. "Yet a very little while, He that cometh shall come and will not tarry" (Heb. x, 37, R. V.). Mary did not come to Him until Martha returned and said, "The Master is come and calleth for thee." Then she arose quickly and came unto Him (verses 28, 29). I wonder how the Jews comforted her (verse 31). How would you comfort such a sad heart? God is the Father of mercies and the God of all comfort, who comforts us in all our afflictions, but I remember only one place where it is written, "Comfort one another with these words" (II Cor. i, 3, 4; I Thess. iv, 18). Of too many I might be said, "Miscellaneous comforts are ye all!" Job xvi, 21. In due time they came to the tomb, and Jesus went and ground in Himself (verses 33, 38).

On this occasion, as He entered Jerusalem and in Gethsemane are the three occasions on which it is recorded that Jesus wept, but He was ever a man of sorrows and acquainted with grief (Isa. liii, 3). When He said, "Take ye away the stone," Martha objected, as if it were an impossible case, for he had been dead four days. His reply is for each of us and for every day, "Said I not unto thee that if thou wouldst believe thou shouldst see the glory of God?" (verse 40). "The same truth is in Ps. cxvii, 13—I believed to see. The world's motto is, 'Selling is believing,' but the Christian believes in order to see. Jesus took a moment with His Father and then cried with a loud voice, 'Lazarus, come forth!' Instantly he was at the mouth of the tomb, alive and well, but still bound hand and foot, with the graveclothes still on him, but Jesus said, 'Lose him and let him go,' and soon he is freed from the habiliments of death. Oh, the wonder-working Christ; truly a man, for He wept; truly God, for He can raise the dead, and He is ever 'this same Jesus' who has come to life from being dead in sin; have not been fully freed from their graveclothes, the things they did in their former days when they were of this present evil age, but He who gave life is able to set free from all bondage and make free indeed to serve Him. If you are free by His Word and Spirit, He will use you to set some one else free if you will.

# John W. Bate's Car—No. 19

Two Sizes—Many New Attractions. Hundreds of Extra Values

The Mitchell we now show—in two sizes—is the 19th model built by John W. Bate. With all his extras—all his 700 improvements

We invite you here to see the new Mitchell—John W. Bate's latest car. It now comes in two sizes, at two prices—120 and 127-inch wheelbase. It embodies the cumulative results of his 14 years on Mitchells.

It shows the amazing extra values which factory efficiency can give.

It has all of his extras—100 per cent over-strength, 31 unique features, 24 per cent added luxury.

These cars will surprise you by their completeness, and the value they give for the money.

## No Similar Cars

No other car, in many respects, even resembles the Mitchell.

This mammoth factory was designed and equipped for building this single type. Every machine and method aims to build it economically.

All this work has been done under John W. Bate, the famous efficiency expert. It has cut our factory cost in two. It has enabled us to build an extra-grade car for less than anyone else in the world.

The savings show in extra strength, in extra features, in extra luxury and beauty. We ask you to see the result.

## 31 Unique Features

The latest Mitchell has 31 extras, which nearly all cars omit. Things

like a power tire pump, dashboard engine primer, reversible headlights, new-type control.

Come see them. No car then will seem complete without them.

It has many added luxuries and beauties. We have this year added 24 per cent to the cost of finish, upholstery and trimming. That is all paid for by savings in our new body plant.

See these new-style bodies—all Mitchell-designed. See how we finish and equip them. There are no others like them.

## 100% Over-Strength

In these new Mitchells, every vital part is twice as strong as need be. Our margin of safety—once 50 per cent—has been doubled lately, to give you a lifetime car.

## TWO SIZES

Mitchell—a roomy, 7-passenger six, with 127-inch wheelbase and a highly-developed 48-horsepower motor.

Price \$1460, f. o. b. Racine

Mitchell Junior—get Six on similar lines, with 120-inch wheelbase and a 40-horsepower motor—4-inch smaller bore.

Price \$1150, f. o. b. Racine

Also six styles of enclosed and convertible bodies. Also new Club Roadster

Over 440 parts are built of toughened steel. All important parts are over-size. Parts which get a major strain are built of Chrome-Vanadium. Gears are tested for 50,000 pounds per tooth. The springs—Bate cantilevers—have never yet been broken. Not a single one. Yet they make the Mitchell ride like an aeroplane.

These Bate-built Mitchells—numbers of them—have run over 200,000 miles. About 40 years of ordinary service.

## Costs Us \$4,000,000

The Mitchell extras, on this year's output, will cost us \$4,000,000. They would be impossible in cars at these prices without our factory efficiency.

They are things which others do not offer. Things they cannot offer at our prices until they use Bate methods. See what they mean to you.

## Also Mitchell Junior

Men content with a 5-passenger car will this year find Mitchell Junior. A roomy car—120-inch wheelbase. A powerful car—40 horsepower. And the price is \$1150, f. o. b. Racine.

So you can now get the size you want, and the price you want, in Mitchells. Come and see both sizes.

# Important Announcement

It is with considerable pride that we announce to the public of Portsmouth that our quarters at Sixth and Gay streets have been enlarged and renovated to enable us to better serve the demands of auto owners who have fire troubles. For the past two years we have striven to be prompt, punctual and efficient and have ever aimed to give our expert attention to repair work. When we opened our quarters we decided from the very first that all work left in our care would be carefully attended to. We have established ourselves as one of Portsmouth's permanent industries and have won the confidence of the public.

So successfully have we impressed ourselves upon the public that our business has increased to a considerable degree and more room was imperative. We have secured the entire building in which we started business and this gives us more than twice the floor space. We invite our friends and customers to call around and see us any time. All improvements are not as yet done, but will be within a short time.

We vulcanize anything that can be vulcanized, from an auto tire to a pair of rubber boots. With our additional help and equipment we will be enabled to do your work in a punctual manner.

If you need new tires remember we still handle the celebrated Mohawk, the best made. Also the Federal Michelin and Pennsylvania.

Mary," it is readily felt that this story affords Miss Pickford one of the best motion picture subjects ever secured for her. The novel by Eleanor Gates of which a special photoplay edition has just been issued, became widely popular as did the play which scored a big hit at the Hudson theatre, New York City, several years ago and duplicated this success on the road.

Constance Talmadge in Triangle Play, "The Girl of the Timber Claims."

## Columbia Monday

Some remarkable scenes in the big tree country of California are announced as noteworthy features of "The Girl of the Timber-claims," the new Triangle-Fine Arts play starring Constance Talmadge, which will be seen at the Columbia Monday.

The story deals with a conflict between homesteaders and a gang of claim jumpers, who try to get their lands away from them. Director Paul Powell took his company into the dense forest of Northern California for a stay of two weeks during the making of the picture, and the action of the play includes felling and sawing of the enormous trees which are to be found in that country.

"Shell 43" Columbia Tonight—An unusually Attractive Program for Every Day of Next Week.

"Shell 43" a Triangle picture dealing with conditions and experiences of the present war in Europe is the timely offering at the Columbia this evening. H. B. Warner as the Spy and Emil Markey as Adrienne Von Altman are featured in this picture, one of the best Triangles for some time.

Next week brings a particularly attractive picture and star each day starting on Monday with "The Girl of the Timber-claims," a Triangle five part story of wild western life featuring Constance Talmadge with a comedy added.

Metro's Tuesday's offering is "The Stolen Triumph," a real master picture in five acts of supreme strength and power featuring Julius Siegel.

an added attraction for Wednesday's program. Everybody will want to see William S. Hart in "A Gun Fighter" on Thursday. This "Hart" picture from all reports is a regular "knockout."

Just look who's here on Friday and Saturday: Mary Pickford in her latest and acknowledged best Arterial picture "The Poor Little Rich Girl."

Make your arrangements now to attend the Columbia next week. You simply can't afford to miss a single day.

## At The Exhibit

Chapter 14 of "The Crimson Stain Mystery" serial is being shown tonight. "The Blood Hound" is the title of this thrilling number. Maurice Costello and Ethel Grandin are the stars in this Metro serial that has held hundreds spell-bound with its sensational scenes that appear in abundance in every chapter. It is a wonderful picture wonderfully told. Two side-splitting Metro-Drew comedies, featuring Mr. and Mrs. Sidney Drew, conclude the program.

## At The Temple

The two big serial plays at the Temple are attracting hundreds each Saturday. Today is being shown "The Human Slotsham," which is chapter six of "The Secret Kingdom" featuring Chas. Richman, Dorothy Kelley and Arline Pretty. "The Red Whiskered Man" is the title of part 7 of "The Scarlet Runner" serial featuring Earle Williams. "Help! Help! Help!" is the title of a two-act side-splitting Big V comedy. "Captain Jack's Love Air" is a 1 act Frank Daniels laugh-producer. Good music always.

William S. Hart, Triangle, William S. Hart in "The Gun Fighter," Columbia Thursday

"The Gun Fighter," with William S. Hart as its star, will be seen at the Columbia Thursday. This is the latest Triangle play featuring the celebrated deflator of western roles. In its production Hart is seen as the head of a gang of outlaws, whose proudest boast is of the number of tenants in his "private graveyard," until he meets a young girl who tells him to his face he is a cold blooded murderer and not fit to associate with civilized people. A terrific conflict follows in the soul of the bad man, with good finally triumphant, and the out-law sacrifices his life for the girl.

who has shown him to himself in his true colors.

## At The Strand

You are missing one of the great serials of the movie picture world when you miss a two-act chapter of "The Purple Mask" serial, the famous Universal chapter play, in which Francis Ford and Grace Cunard play the leading roles. "The House of Mystery" is the title of chapter 10 being shown tonight. "Blood Money" is a thrilling two-part Bison Western drama featuring Harry D. Carey. "Love in Suspense" is a 1 act Joker comedy featuring Gale Henry and Wm. Francis. "Trials of Wilkie Winks" is a cartoon comedy.

### "LIGHT AND CRUCIFIXION DARKNESS"

Continuing the thought of the agony and shame endured by our Savior from Gethsemane to Calvary, as presented during the Passion Week services at Manly, the glorious consummation of it all was portrayed by Dr. Grimes last evening in his sermon, "Light Amid Crucifixion Darkness"—Matt. 27:45-54.

Two things are shown here: A very great darkness and a very great light. Let us consider the darkness: (1) There was an appalling darkness in the world's atmosphere for about three hours. (2) There was a darkness as to the exact hour of Christ's death. St. John says "about" the ninth hour, showing that those present were so intensely interested that they lost all thought of time. (3) An overwhelming darkness is shown in the cry of Jesus: "My God, My God, why hast thou forsaken Me?" We do not know how much is meant by that word "forsaken." Was He forsaken just for the moment, until His death, or in some mysterious way does He yet experience this because of our sin?

### NEWS OF ALL SAINTS PARISH

The attendance at the services in Holy Week has been better than ever before. Let us keep up the proof of our devotion by breaking all records for attendance tomorrow.

Most of our communicants will go to their Easter duty at the six o'clock communion tomorrow and there will be a goodly number at the Choral Eucharist at 10 a. m. Lovers of good music will not care to miss the evening service tomorrow. A glance at the program printed elsewhere will convince you that the music is especially worth hearing this year.

"The Brotherhood" men are urged to attend the brief Sunday school service at 9 a. m.

Holy Baptism at 3 p. m. The church requires two Godfathers and one Godmother for each boy and two Godmothers and one Godfather for each girl presented.

Don't forget your Easter offering. We need all that you can give.

### MATCH, GASOLINE, FIRE

A match and a pan of gasoline are not good friends, as a young man in charge of a shine parlor on Eleventh street, near Waller street discovered Saturday noon, when he cast a lighted match into the pan. The East End fire company was called to extinguish the blaze. The damage was slight.

The Seventh street and East End fire companies were called to the Storke home, 2017 Robinson avenue, Friday night to extinguish a small fire. Damage was slight.

### MR. SCUDDER WILL BE IN CHARGE

George D. Scudder, superintendent of the First Presbyterian Sunday school, will return home tonight from Cincinnati and will be on hand at the special Easter services at the Bible school Sunday morning. A Trip to Hainan, China, to pay a visit to Dr. D. S. Tappan, the first church's missionary, will be enjoyed as it is presented in a program by Bible school pupils. All attend will be given Chinese suit cases.

## Complete Direction Aids Mail Services

The public's co-operation is earnestly requested in an effort to relieve the postal service of the burden imposed upon it by a constantly expanding evil, incompletely and improperly addressed mail.

In the larger cities, more especially like Portsmouth where the whole town moves twice a year and there is an almost incredible shifting of population, the delivery of mail is frequently delayed, oftentimes made impossible, by the omission of an important part of the address thereof, such as the omission of the street and number, or the office building and number of room. It is surprising how general are such omissions, many apparently thinking all that is necessary to insure delivery is to give the town and the state.

Another source of trouble is the practice of giving the addresses as a street corner, without indicating which. As many as four carrier routes may terminate at the same street intersections, which makes it desirable to add to the address the particular street corner, northwest, southeast, or as may be correct. Without this direction clerks who distribute the mail may be unable to say to which carrier it should be thrown.

The department is constantly demanding increased expedition, efficiency and at the same time economy in the postal service. None of these can be attained without the cordial compliance of the people with rules and regulations laid down to promote these ends. May I then not ask every patron of the postal service whom this appeal may reach, to be careful that all mail sent by him and going to cities with carrier delivery bear correct street and number?

Further than that, if you live in the city it is strongly urged that any letter you write never fail to bear your complete address, city, street and number.

VALLEE HAROLD,  
Postmaster.

**WHEELERSBURG M. E. CHURCH**  
P. C. Wolf, Pastor.  
Sunday school 9 a. m. G. E. Koch, Supt.  
A special effort is being made to have all scholars present and as many new ones as possible. Come Sunday morning and study the great Easter lesson.  
The Epworth league will be held at the usual hour. Topic: "What Easter Means to Me."  
Leaders, Marjorie Hunsinger and Clara Hughes.  
Preaching 7 p. m. Subject: "The Resurrection." At this service new members will be received from probation and by letter. There will also be baptismal service. The pastor will preach at Zion at 10 a. m.  
The Sunday school of the Wheelersburg Methodist church is rapidly increasing in numbers, and is doing good work. George E. Koch, the efficient superintendent, is putting forth every effort to bring and keep the Sunday school up to the highest standard, and has a good corps of officers and teachers ready and willing to assist him. In addition to the regular Sunday school, special attention is being given to the primary department, the Cradle Roll and the Home department.  
A nursery has been fitted up in one room of the church for use on Easter Sunday. In the nursery babies will be cared for and amused while their mothers are attending services. A committee of ladies will take turns caring for the babies.  
Mr. Koch, the superintendent, set the goal for attendance on Easter Sunday at 250. However, after the attendance last Sunday was found to be nearly 200, he raised the goal to 275 for Easter. Last Sunday's attendance was nearly a hundred above the attendance for the same Sunday one year ago.  
Each Sunday some department or class has special work to do on the program in giving the entertainment. Easter Sunday the primary department will be in charge of the entertainment and a drill will be given.  
All departments of this Wheelersburg church are well organized, are exceedingly active and are doing good work. There is a spirit of co-operation and helpfulness for Mr. Koch, the Sunday school superintendent, and for the pastor, Rev. P. C. Wolf. A stranger visiting Sunday school and church and becoming familiar with the work, remarked that nowhere else had been seen such well organized activity and good work as in this Sunday school and church.

All who appreciate bible study, uncolored by sectarian bias, will appreciate these studies. Opportunities for questions and free, but orderly, discussion at each service. No collections.

**KENDALL AVE. BAPTIST**  
W. M. Hart, Pastor.  
The special services through the week have been of great help to the large audiences that have gathered from night to night. Christians have been refreshed and sinners have surrendered to Christ. All services tomorrow will be conducted with the same objective that has characterized the meetings of the week. The meetings will close tomorrow night and a most glorious day of blessing is confidently expected. We give a most cordial invitation to all within reach of our church to attend the services of the day. The following program will be followed:  
5:30 a. m. Sunrise prayer meeting, under the leadership of the Careful Crusaders.

## HOME OF CHARACTER-NO. 236-A

An Attractive Cottage —By John Henry Newson  
This is a modification of No. 236, which has been illustrated in a former issue of this paper. The exterior is in lap siding; with asphalt shingle roof; foundation is in brick.

The living room and dining room are finished in oak, kitchen and attic in yellow pine and second floor in white enamel.

Floors are of oak. The house is heated by a hot air furnace and bathroom equipped with porcelain fixtures. The basement has stationary wash trays, fruit room, coal bin, etc. This house will cost from \$1800 to \$2500. Size 24x24 feet.

Inquiries of Times readers addressed to "John Henry Newson, Homes of Character Department, The Times" will be given Mr. Newson's prompt attention. Always give the number of the house concerning which inquiry is

made, and, as the service is free, the inclosure of a stamp for reply will be appreciated.

Do not go through another winter without installing one of our modern heating systems. They are less expensive, cleaner, healthier and more comfortable.

## "Enter War With Clean Hands"

"America enters this great war with clean hands and without malice or desire of gain in her heart," declared Rev. E. Ainger Powell, pastor of All Saints' church Friday evening, on speaking of "The Challenge of The Cross," to more than forty Knights Templars, who marched to

the cathedral in full uniform to attend the services, as has been the custom of the local commandery on Good Friday for the past seven years.

An impassioned plea was made by Rev. Powell for all true and loyal Americans to keep level heads and brains not the probabilities of war in a loud manner, with a view of crossing those whose ancestors came from the "Rhine-land."

The minister explained that this was not a war of hatred or malice against those whose "grandfathers" of the quiet and peace-loving "Rhine-land," but against the House of the Kaiser and nationality.

"Take not the sword least you shall perish by the sword," Explaining this, Rev. Powell said that America had not taken the sword until patience ceased to be a virtue.

With drawn swords, pointing to a huge wooden cross, forty Knights Templars stood at "attention," while the congregation sang two verses of the National Anthem, and the large silk American flag of the Commandery was taken before the cross and saluted.

## 100 Knights Coming For Local Inspection

Reports from Cincinnati relative to the pilgrimage of Hauselmann, Commandery, Cincinnati, to attend the annual inspection of Calvary Commandery No. 13, Knights Templar, to be held Friday, the thirtieth, indicate that at least one hundred Cincinnati Knights will be in the parade here.

Among the prominent Cincinnati Knights who will come are Rev. William Spiegel, E. C., of the Cincinnati Commandery; John Sauer, former president of the Federated Improvement Association; Frank Zumpfer, president of the Sixth Street Business Men's Association, and Police Chief Copelan.

### Boy Scouts Mobilize

Troop 2 Boy Scouts mobilized Friday afternoon at Trinity church at 4 o'clock.

It was a remarkable gathering in many ways, and one which the boys will never forget.

Senior Leader Marion Garrison was in charge of the meeting. Scout Commissioner M. H. F. Kinsey was called on first for an address to the boys. He spoke of the service the scouts were rendering in these days of war. That their service would be strictly civic service, and confined to their own city.

Pachus was injected in the meeting when Scoutmaster Cary Williams and Assistant Scoutmaster Wesley Bennett gave what might be con-

sidered farewell addresses to the boys. Both are members of Company K and are expected to respond to the colors at any moment.

## THE MONTH OF TRAGEDIES

It is remarkable that April plays such an important, we might almost say an exclusive part in the belligerency of the United States. The most famous battle of the revolution was fought in the fifth month of the year and in it we have the country declaring itself at war with the most powerful of European nations, while, if historical data is brought forth it will be found that in between April has always been conspicuous in our wars.

Grievances aplenty are generally held in store against April, uncertain and inconstant, sweeping gustily from smiles to tears, but we charging not here she is our unlucky month. Quite the contrary, her days have been pregnant with motives and deeds that make her joy and the glory of them all. For 'tis the end of tragedies, not the tragedies themselves that make for the greatest good, or evil.

## SHOULD HAVE FREE REIGN

Colonel Theodore Roosevelt has asked for permission to raise a regiment to be sent to Europe. No definite answer has been given him because there appears to be neither law nor precedent for his permission. A government should never violate its own statutes, but in this instance it has no statute to violate; in critical times it is not precedent, but action we want.

Wherefore turn the doughty Colonel loose, let him organize his division and sail away for the front as quickly as possible. He and "his boys" could be counted upon to uphold American honor and the glory of the flag.

Authorizing him to go would be a most popular act on the part of the administration.

Mr. S. R. Ross sent us a copy of the Scioto Valley Republican, published in 1852 and we thoroughly enjoyed glancing over its time stained pages. S. P. Drake was the editor and in an editorial he laments upon the hard lot of the editor man much as do some contemporaries of today. Most of the wholesale stores and not a few of the retail ones seem to have been engaged in the liquor business as a side line, judging by the advertisements in the paper, while Ironton was troubled with bootleggers for an item relates how a vigilance committee of one hundred Irontonians raided a booze boat tied up near the town and served notice on the proprietor to move on. It is stated that he hastily moved his boat.

Another advertisement announces that John E. Merrill had opened a new addition and would offer 15 to 20 valuable building lots for sale on Front and Mill streets, east of Waller. These are described as being ideal for residence purposes and "safely beyond the reach of high water." Evidently the Ohio did not rampage as high or as frequently in those days.

Can't get away from it. Politicians are politicians, whether they wear bifurcated garments, or skirts that reveal more of the bifurcation. Congressman, no; congresswoman—pshaw, that's wrong too. Congresslady Miss Jeanette. Confound it, mixed again. Miss Congresslady Jeanette, anyway the lady from Montana, who sits in congress, voted just as other Republicans did, for the impossible Jim Mann. Still they tell us woman, God bless her, is going to change all this rudo, rough-house business and make politics a dream of a pink tea, when all of her gets to voting. That may be, that may be, but as Alkali Pete said, "We ain't a hopin' nutbin", so far as them petticoats is concerned, and they're growin' all the time shorter; you jest kaint tell."

We suppose that when Ironton gets those rusty cannon and the armor plate plant there will be such a wave of patriotic sentiment sweeping over Hicktown that the cannon will be kept busy from sunrise to sunrise in training the recruits in the fundamentals of handling fire arms.

It is not necessary to call for volunteers to show Editor Corns the sights when he comes a-visiting. About two dozen have already offered their services and the editor will surely put in a strenuous time, so strenuous that he will feel like burying himself for a week in the hotel hole in the ground after his return home, in order to recuperate.

It is well to remember now, as never before, that these are war times, that the unbridled license of tongue and deed, tolerantly overlooked in the piping times of peace, will not go now. If every one will remember and heed this all will be well in Portsmouth.

One of our friends says that he started out to spade up his garden plot the other evening and in a jiffy he had an audience of fourteen small boys and five grown-ups. He also had nineteen varieties of advice as to the proper way to spade and the right time to put in garden truck. Next year he declares he is going to spade in the dark.

Mexico is reported to be massing troops on the border. Well, if we have to go down there again, we'll go to stay. There will be a cleaning up that will hold Mexico for the rest of her days. With a foreign war on hands, Mexico will find that this country is not disposed to stand for any tantrums or affronts.

The Prussian mind simply cannot understand the American one and we suppose one reason why the Kaiser thinks we are but a feeble folk, as King Solomon used to say of the "onies, is because we haven't a lot of hired sneaks over there in his unfortunate country, trying by devious means to overthrow him.—Ohio State Journal.

## WAR

The Peoples Defender, of West Union, now under the control of William A. Eylar, state public printer, is rapidly being improved and developed and we believe that Mr. Eylar will make the same success with this paper that he did in his management of the Georgetown News-Democrat, which became reorganized as a model weekly newspaper. The Defender, in line with keeping up with the times, announces in its issue this week, the purchase of a late model typesetting machine. This will enable it to set a great deal more type and to take care of increased patronage in the job department.

If there be truth in the old adage, we suppose that the ears of the Hon. Bill Hohenzollern must be working overtime these days in the burning business.

And while the street railway is repairing Ninth it might turn its attention to Second likewise.

Why in times of supposedly profound peace with us should the German Imperial government fill this land with spies to plot destruction of our industries, foment sedition among our own people and hostility between us and other friendly nations? Did it want from us what it is now getting?

The only man in the United States who seems to enjoy LaFollette's position is LaFollette himself. He thrives and grows fat on notoriety.

War always evolves a grotesque humor. From Spokane comes "the news" that the Mexicans are going to march up the Mississippi valley, sack New Orleans, Memphis, Kansas City and Chicago and split the land in twain. We suppose everybody, like on the occasion of the mysterious fire, is going to be away from home while they are doing it.

It is announced that President Wilson is in perfect physical condition and at 60 he is as vigorous as the average man of 45. For that let us be glad, but let us be thankful above all things that at this age he is the most powerful intellect of the times.

Partisanship doesn't count for anything when the whole family is menaced. Listen to the eloquent voice of Col. J. B. Foraker, coming from a sick bed, and sounding the praises of Woodrow Wilson.

Kentucky is boasting distinction in another way. She has the champion laying hen of the world.

The patriotism that avows it is going to jump on the band wagon when it is under full headway may be all right, but it doesn't sound good.

## SEISMOGRAPHS

By George Martin

The seismograph is an instrument devised to register the nervous shocks suffered by Mother Earth.

It is so extremely sensitive that it can sit in Washington and quiver from the impact of an earthquake in Honolulu. Lead pencils are attached to its arms and legs so that their agitation is registered in permanent form which may be used as evidence against the earthquake if it denies it happened.

Whenever a seismograph begins to shiver and shake you can depend on it Mother Earth is having a spasm somewhere in her anatomy.

Babies have spasms too, but they don't need a seismograph to let you know it. Not even at midnight. Or three a. m.

## NEW-YORK-DAY-BY-DAY

O. O. MCINTYRE.

New York, April 7—The subway management has resorted to pitiless publicity to prevent the throngs and jams of the proletariat from being nipped in the closing doors and otherwise being injured while swinging under surface work to and home again.

Last year just 2,800 persons, who paid their Shontsonian nickels to be packed in a car that held twice as many as it should, were injured. Some of them left home never to return again. The thousands of others who were not injured endured the annoyance of having young fellow passengers whistle down their necks, stop on their brogans or poke umbrellas ends in their eyes.

And now the subway cars have signs in every conceivable place warning the public against haste and carelessness. One of them reads: "Why take the chance to save a few minutes?" As a matter of fact, some of the subway guards need better education. Many of the accidents are as much due to their carelessness as to that of the public.

The subway is a grand little institution. It whisks the passenger the length of Manhattan Island in about a half hour for a jitney, but New York is slowly waking up to the fact that it carries entirely too many passengers.

I saw a man try to get on at Grand Central station the other day with two packages and a bird cage. And a one-armed man with the hives, fubled in vanderbilt, had a light task compared to this passenger. He rode to one station and prepared to get off in disgust. But he couldn't get off on account of the jams until six stations had been passed.

She was a fluffy young thing, her face shining with the joy of living. I saw her dash out of the lobby of the Majestic. There was a new elasticity to her body, and a fresh lit flame in her winter-worn mind. Tarnished fears and frayed forebodings seemed never to have existed for her.

A grouchy old man, with a sour face, was walking along the street. He seemed bent with care and soured by pessimistic thoughts. He looked at her, too. Then he looked at me, and a suggestion of a smile

came to his lips.

"Gad! Young man," he exclaimed, "it is spring." The fluffy young thing typified the changing season, and this worn old man had felt the magical touch. And as I walked along it occurred to me that this is no usual spring that has come to us ready to apparel half the globe in waxing verdure and blessed sunshine. The stirring events of the past few weeks are thrilling men with the consciousness that God is in His Heaven and all will yet come right with the stricken world.

A pensive subscriber writes to a newspaper that a barber in New York recently said to a customer: "I wish the Kaiser would send a New York ship over here and blow New York off the face of the earth." If the pensive subscriber would just think the matter over he would realize that if barbers had their wishes most of us would have the fastest growing beards in history.

Seen around the town: A chorus girl at Coconut Grove arguing against cigarettes for women, while imbibing a cocktail. A man in a silk hat and evening clothes going into a ten cent movie show. A dog with tortoise rimmed glasses on Lexington avenue. A fat woman with a lean wolfhound followed by a crowd of street urdins. A demure, retiring little woman reading Jim Jam Jems in a street car, and a rough, un-couth man opposite reading Epictetus.

## Clean Up

Do you find a bit of dust?  
Clean it up! Clean it up!  
Do you use a blight of rust?  
Rub it up! Rub it up!  
If the paint is getting old,  
New and fresh is being sold,  
For the town has been told  
In a slogan clear and bold  
That she surely, surely must  
Clean it up—Paint it up!

Are some buildings on the blink?  
Clean 'em up—Paint 'em up!  
Are the spoutings in a kink?  
Slick 'em up—Spick 'em up!  
Are the ashes in the heap?  
Do the pavings need a sweep  
Is the lawn the kind to keep?  
If you really want to sleep  
With a resty, easy wink,  
Clean 'em up—Paint 'em up!

Are the window glasses gray?  
Wash 'em up—Wash 'em up!  
Has the rubbish gone astray?  
Burn it up! Burn it up!  
Buy a little spade and rake.  
Give the muscles all a shake.  
For the lawn and garden's sake,  
Never mind the pain and ache,  
And your town will in a day  
Be cleaned up to stay.

## GERMANS BLOW UP INTERNED CRUISER, 7 KILLED

# Austria Breaks With U. S., Report United States Rounding Up Plotters

### U. S. Marines Capture 321 Teuton Sailors

Washington, April 7.—The German interned cruiser Cormorant has been blown up by its crew in the harbor of Guam, they navy department announced today.

The ship was destroyed by the Germans as the United States marines were going to seize the vessel.

Two German warrant officers and five German enlisted men were killed.

Twenty German officers, twelve warrant officers and 321 enlisted men of the vessel were taken prisoners.

The news reached the navy department this morning in a radio dispatch from the United States governor of Guam.

No other details than the above were given out immediately by the navy department.

It was said there would be a fuller dispatch later.

The Cormorant was a converted cruiser, active in the early days of the war in raiding allied commerce in the south Pacific.

### OFFERS 500 WOMEN WIRELESS EXPERTS

Mrs. Herbert Sumner Owen.

Mrs. Herbert Sumner Owen, a prominent woman suffrage worker and now chairman of the wireless division of the National League for Women's Service, is the founder of the first commercial class in wireless telegraphy for women. She has offered to provide the navy with 500 licensed women operators within six months, to take the place of the men needed for sea duty.

Mrs. Owen has seventy-five young women enrolled in the class being conducted by the league at Hunter College, New York, and it is expected that classes will soon be organized in several cities throughout the country.

### Austrian Ambassador To Demand Passports

London, April 7.—Austro-Hungary apparently has broken relations with the United States.

That Foreign Minister Cserdin had instructed Ambassador Tarnowsky at Washington to demand his passports was reported from two sources here today. A special agency dispatch from The Hague asserted it. So did dispatches received by the Paris newspaper Le Matin from its correspondent in Basle. This later said Austrian papers made formal announcement of Austro-Hungary's alignment with her ally, Germany, against America.

Information contained in dispatches from The Hague asserted that American Ambassador Penfield and his staff had been formally given passports and that the Netherlands government would probably represent the United States hereafter in Austro-Hungary. It was also reported that the other members of the central powers alliance, Turkey and Bulgaria would shortly announce formal severance of relations with the United States.

Count Tarnowsky has never formally recognized as ambassador to the United States. He is now in Washington and has been there for a month or more waiting for the United States to receive him formally as a diplomatic envoy. In the meantime, although there was no official explanation, it was intimated that Tarnowsky was not being formally accredited because America was waiting to see whether Austria approved Germany's unlimited submarine warfare. Count Tarnowsky succeeded Count Dumba, whose recall was asked by the United States because of his propaganda activities.

Frederick C. Penfield, American ambassador to Vienna, was supposed to have left the Austro-Hungarian capital yesterday. Several days ago the Viennese government formally announced that Penfield was leaving for a three months vacation the first intimation that he was ready to depart.

The American government has maintained a mysterious silence ever since about this minister or concerning relations with Austro-Hungary.

If the Basle and Hague reports are true, they appear to offer complete explanation for Penfield's mysterious departure and the reluctance of Washington officials to discuss it.

Geneva, Switzerland, April 7.—American Ambassador Penfield at Vienna, has demanded his passports and will probably leave tomorrow, according to a delayed dispatch received here today.

### ARREST GERMAN FARMER

Napoleon, April 7.—Julius Rehrhagen, German farmer, is under arrest today charged with making treasonable utterances. Government officers have charge of the case.

### May Demand Passports

AUSTRIAN AMBASSADOR TARNOWSKY

## STRANGE CRAFT OFF EAST COAST

Washington, April 7.—The navy department learned today of a strange craft off Nantucket Light. The department would not give out the time the vessel was seen, or from what sources the department received its information.

"Her nationality is not as yet known," it was officially stated.

That Germany may stage something spectacular against America within the next few days—such as a repetition of the U-53 visit—was the confident belief of some officials today. The navy, however, can be said to be on the full lookout for just such moves. Everything is being done to check up on Germany's moves. Light-houses and lightships have been

mobilized with the navy and ordered to report any suspicious incidents along the coast.

Newport, R. I. April 7.—The Nantucket Shoals Lightship today reported a German raider sighted off Cape Henry. Deputy Collector of Customs Walcott notified all shipping and advised vessels to remain in harbor. It is believed naval vessels will immediately be sent out in search of the raider.

Newport, R. I., April 7.—A message from Siasconet, on the island of Nantucket, early today reported a strange craft inside the three mile limit. It is believed the vessel may be a German commerce raider.

## OPENING STOCKS

New York, April 7.—Driggs-Seabury, an ordinance stock was the almost exception to the general depression of prices on the stock market opening today. It was up a point at 78.

United States Steel opened at 112 1/4, off 1/4; Lackawanna Steel 85 1/2, off 1/4; Bethlehem Steel 135 1/2, off 1/4; Utah Copper 112 off 1/4; Republic Steel 79 1/2 off 1/4; Marine preferred 86 1/2 off 1/4 and Anaconda 80 1/4 off 1/4.

Cerule Steel 66 1/4; Mexican Petroleum 89; Norfolk and Western 128 1/4; Republic Iron and Steel 79 1/4; Southern Railway 27 1/4; United States Steel 112 1/4; Columbia Gas and Electric 44 1/4.

Chicago, April 7.—Grain opening: Wheat: May up 1c; July down 1/4; Sept. down 1/4. Corn: May up 1 1/4; July up 1c; Sept. up 3/4. Oats: May unchanged; July unchanged; Sept. up 1/4. Provisions sharply higher.

## BRAZIL IS IN WAR MOOD

Rio De Janeiro, April 7.—The Brazilian government today requisitioned for government use the entire fleet of the Companhia Comercio Navigation together with all docks and appurtenances for "purposes of national defense."

The German and Austrian legations were put under guard.

Public excitement is at high pitch against Germany and apparently favors Brazil's alignment with the United States against Germany.

Fresh flames were added to this fire of indignation against Ger-

many with additional details received from the captain of the steamer Parana concerning that vessel's destruction by a German submarine.

The commander declared there was no warning of any kind, and that the torpedo struck his vessel about midnight—presumably on Wednesday.

The fourth engineer and two firemen were killed by the explosion and a majority of the Parana's crew were wounded. Life boats bearing the survivors were afloat 12 hours before a French destroyer picked them up.

## CHICAGOAN FACES CONSPIRACY CHARGE

Chicago, April 7.—Gustav H. Jacobsen, wealthy Chicago realty man, is to be arraigned today before the United States commissioner on a charge of having conspired to start a revolution against British rule in India. Jacobsen was one of the pacifists who went to Washington for the "war session" of congress. He was formerly a director in the American Embargo conference. Arrested last night, he was immediately released on \$25,000 bail.

According to Hinton G. Clabaugh, special agent of the department of justice here, the complaint alleges that Jacobsen in May, 1915, with Albert Wehde, H. L. Gupta, John Singh, Dharendra Nath Zen and a man known as Sterneck conspired to start a revolt in India, thus violating American neutrality laws. It is charged that in June, 1915 the alleged conspirators sent George Paul Bohm and Singh to India in furtherance of the plot. It was reported that other arrests had been made in connection with this case.

All Clabaugh would say was "prisoners held incommunicado in this or other cases are known only to myself and a few trusted agents."

When arrested Jacobsen refused to make a statement. Bohm was recently apprehended in Calcutta. It was rumored that the alleged conspiracy was connected with the charge that Wolf von Igel, a member of Count von Bernstorff's staff, furnished \$60,000 to start a revolt in India. Clabaugh would not confirm this.

Cleveland, April 7.—Ohio's naval militia were preparing to leave today for mobilization points. Screevy eloped their destination and the time of departure.

Two hundred men in Cleveland and probably as many from Toledo are affected by the order. Other towns along Lake Erie are also contributing.

Naval militiamen had the envy of Ohio National Guardsmen to-day.

No orders to mobilize the guard have been received though Adjutant General Wood at Columbus waited at his office late in the night and officers there were on deck bright and early today.

Failure of the war department to call out the guard last night led many officers to believe today no mobilization orders will be issued now until congress tackles the big army bills which include use of the land militia.

## MANY ARRESTS MADE

Washington, D. C., April 7.—The government roundup of German plotters and all enemies of the republic is in full blast today.

With scores already arrested or being run down, countless other arrests will be made within the next few days.

The enormity of this plotter's hunt can be imagined when it is remembered that the statement recently was made on the floor of the senate that one hundred thousand German spies had woven their intrigues in every section of the country.

While the chase is hot and will continue relentlessly against any alien suspected of affording aid and comfort to the nation's enemies, officials again today repeated their declaration that "well behaving" aliens need have no apprehension.

Chief interest at this time centers on men who have long been trailed and card indexed because of their associations with the plotters' rings established in various sections of the country by Captains Von Papen and Boy-Ed. While department of justice and secret service agents work in deepest secrecy refusing for obvious reasons to disclose even facts of arrests that have been made, it is taken for granted that another chief objective in the hunt is to keep war time watch on the bonds of the German reservists here who were unable to answer the call to the colors that sounded in 1914.

It is known positively today that it has been from these men—chiefly reservists of younger years—that Boy-Ed and Von Papen drew material for their work of spying and intrigue against this government.

While it is known by officials that many of these men refused to do the bidding of Germany's spy masters in America, many did fall before the temptation of gold and promises of high reward in the event of war between the two countries.

Another "nest of plotters" was Germany's consular service in America. Such aliens as had close connection with the Kaiser's consular agents and who cannot satisfactorily explain those connections, are to be arrested at the first suspicious action.

## CUBAN PRESIDENT ASKS WAR WITH THE GERMAN GOVERNMENT

Havana, April 7.—President Menocal yesterday sent a message to congress asking that body to declare that a state of war exists between Cuba and Germany.

New York, April 7.—With the formal declaration by Cuba of a state of war with Germany, the Cuban government, following the course of the United States, intends to seize three German ships now in Havana harbor. This was announced today by Republic of Cuba News Bureau here, a Cuban government agency.

The ships are the Bavaria, 3,898 tons; the Adelphi, 2,478 tons, and the Kydonia, 2,390 tons. An Australian ship, the Virginia, 3,563 tons, is also in the harbor.

### FIRE BUGS DESTROY RACE PLANT

New York, April 6.—Six incendiary fires, starting almost simultaneously today destroyed the main grand stand, the terminal grandstand, the betting ring and the jockey's house and damaged other buildings at Belmont race track on Long Island.

Four other fires broke out first in the grandstand and quickly spread to other buildings. The loss is estimated at \$250,000.

Local fire apparatus was inadequate and August Belmont, owner of the property, appealed to New York fire forces for help. Engines were sent from Jamaica but arrived too late to be of any assistance.

The clubhouse, while not destroyed was badly damaged by smoke and water. Many horses were saved with difficulty from the stables.

We have just got the market price of wheat doped out, not to a penny, but close enough. The research work came to an end when we put the subject of marriage up to a prominent bachelor.

"I wouldn't give 50 cents for a wife," he asserted.

"But," we asked, "you'd give a counterfeit half dollar for a better bait, wouldn't you?" He acknowledged that he would. So, you see, we're getting right down to cases.—New York Journal.

## THE MONTH OF TRAGEDIES

It is remarkable that April plays such an important, we might almost say an exclusive part in the belligerency of the United States. The most famous battle of the revolution was fought in the fifth month of the year and in it we have the country declaring itself at war with the most powerful of European nations, while, if historical data is brought forth it will be found that in between April has always been conspicuous in our wars.

Grievances aplenty are generally held in store against April, uncertain and inconstant, sweeping gently from smiles to tears, but we charging not here she is our unlucky month. Quite the contrary, her days have been pregnant with motives and deeds that make her joy and the glory of them all. For 'tis the end of tragedies, not the tragedies themselves that make for the greatest good, or evil.

## SHOULD HAVE FREE REIGN

Colonel Theodore Roosevelt has asked for permission to raise a regiment to be sent to Europe. No definite answer has been given him because there appears to be neither law nor precedent for his permission. A government should never violate its own statutes, but in this instance it has no statute to violate; in critical times it is not precedent, but action we want.

Wherefore turn the doughty Colonel loose, let him organize his division and sail away for the front as quickly as possible. He and "his boys" could be counted upon to uphold American honor and the glory of the flag.

Authorizing him to go would be a most popular act on the part of the administration.

Mr. S. R. Ross sent us a copy of the Scioto Valley Republican, published in 1852 and we thoroughly enjoyed glancing over its time stained pages. S. P. Drake was the editor and in an editorial he laments upon the hard lot of the editor man much as do some contemporaries of today. Most of the wholesale stores and not a few of the retail ones seem to have been engaged in the liquor business as a side line, judging by the advertisements in the paper, while Ironton was troubled with bootleggers for an item relates how a vigilance committee of one hundred Irontonians raided a booze boat tied up near the town and served notice on the proprietor to move on. It is stated that he hastily moved his boat.

Another advertisement announces that John E. Merrill had opened a new addition and would offer 15 to 20 valuable building lots for sale on Front and Mill streets, east of Waller. These are described as being ideal for residence purposes and "safely beyond the reach of high water." Evidently the Ohio did not rampage as high or as frequently in those days.

Can't get away from it. Politicians are politicians, whether they wear bifurcated garments, or skirts that reveal more of the bifurcation. Congressman, no; congresswoman—pslaw, that's wrong too. Congresslady Miss Jeanette. Confound it, mixed again. Miss Congresslady Jeanette, anyway the lady from Montana, who sits in congress, voted just as other Republicans did, for the impossible Jim Mann. Still they tell us woman, God bless her, is going to change all this rude, rough-house business and make politics a dream of a pink tea, when all of her gets to voting. That may be, but as Alkali Pete said, "We ain't a hopin' nothin'," so far as them politicians is concerned, and they're growin' all the time shorter; you jest kaint tell."

We suppose that when Ironton gets those rusty cannon and the armor plate plant there will be such a wave of patriotic sentiment sweeping over Huktown that the cannon will be kept busy from sunrise to sunrise in training the recruits in the fundamentals of handling fire arms.

It is not necessary to call for volunteers to show Editor Corns the sights when he comes a-visiting. About two dozen have already offered their services and the editor will surely put in a strenuous time, so strenuous that he will feel like burying himself for a week in the hotel hole in the ground after his return home, in order to recuperate.

It is well to remember now, as never before, that these are war times, that the unbridled license of tongue and deed, tolerantly overlooked in the piping times of peace, will not go now. If every one will remember and heed this all will be well in Portsmouth.

One of our friends says that he started out to spade up his garden plot the other evening and in a jiffy he had an audience of fourteen small boys and five grown-ups. He also had nineteen varieties of advice as to the proper way to spade and the right time to put in garden truck. Next year he declares he is going to spade in the dark.

Mexico is reported to be massing troops on the border. Well, if we have to go down there again, we'll go to stay. There will be a cleaning up that will hold Mexico for the rest of her days. With a foreign war on hands, Mexico will find that this country is not disposed to stand for any tantrums or affronts.

The Prussian mind simply cannot understand the American one and we suppose one reason why the Kaiser thinks we are but a feeble folk, as King Solomon used to say of the conies, is because we haven't a lot of hired sneaks over there in his unfortunate country, trying by devious means to overthrow him.—Ohio State Journal.

## WAR

The Peoples Defender, of West Union, now under the control of William A. Elyar, state public printer, is rapidly being improved and developed and we believe that Mr. Elyar will make the same success with this paper that he did in his management of the Georgetown News-Democrat, which became recognized as a model weekly newspaper. The Defender, in line with keeping up with the times, announces in its issue this week, the purchase of a late model typesetting machine. This will enable it to set a great deal more type and to take care of increased patronage in the job department.

If there be truth in the old adage, we suppose that the ears of the Hon. Bill Hohenzollern must be working overtime these days in the burning business.

And while the street railway is repairing Ninth it might turn its attention to Second likewise.

Why in times of supposedly profound peace with us should the German Imperial government fill this land with spies to plot destruction of our industries, foment sedition among our own people and hostility between us and other friendly nations? Did it want from us what it is now getting?

The only man in the United States who seems to enjoy LaFollette's position is LaFollette himself. He thrives and grows fat on notoriety.

War always evolves a grotesque humor. From Spokane comes "the news" that the Mexicans are going to march up the Mississippi valley, sack New Orleans, Memphis, Kansas City and Chicago and split the land in twain. We suppose everybody, like on the occasion of the mysterious fire, is going to be away from home while they are doing it.

It is announced that President Wilson is in perfect physical condition and at 69 he is as vigorous as the average man of 45. For that let us be glad, but let us be thankful above all things that at this age he is the most powerful intellect of the times.

Partisanship doesn't count for anything when the whole family is menaced. Listen to the eloquent voice of Col. J. B. Fowler, coming from a sick bed, and sounding the praises of Woodrow Wilson.

Kentucky is boasting distinction in another way. She has the champion laying hen of the world.

The patriotism that avows it is going to jump on the band wagon when it is under full headway may be all right, but it doesn't sound good.

## NEW-YORK-DAY-BY-DAY

O. O. MEINTYRE.

New York, April 7.—The subway management has resorted to pitiless publicity to prevent the throngs and jams of the proletariat from being nipped in the closing doors and otherwise being injured while swinging under surface work to and home again.

Last year just 2,800 persons who paid their Shontsonian nickels to be packed in a car that held twice as many as it should, were injured. Some of them left home never to return again. The thousands of others who were not injured endured the annoyance of having young fellow passengers whistle down their necks, sleep on their baggage or poke umbrellas ends in their eyes.

And now the subway cars have signs in every conceivable place warning the public against haste and carelessness. One of them reads: "Why take the chance to save a few minutes?" As a matter of fact, some of the subway guards need better education. Many of the accidents are as much due to their carelessness as to that of the public.

The subway is a grand little institution. It whisks the passenger the length of Manhattan Island in about a half hour for a jiffy, but New York is slowly waking up to the fact that it carries entirely too many passengers.

I saw a man try to get on at Grand Central station the other day with two packages and a bird cage. And a one-armed man with the livers, fabled in vanderbilt, had a light task compared to this passenger. He rode to one station and prepared to get off in disgust. But he couldn't get off on account of the jams until six stations had been passed.

She was a fluffy young thing, her face shining with the joy of living. I saw her dash out of the lobby of the Majestic. There was a new elasticity to her body, and a fresh lit flame in her winter-worn mind. Turnished fears and frayed forebodings seemed never to have existed for her.

A grouchy old man, with a sour face, was walking along the street. He seemed bent with care and soured by pessimistic thoughts. He looked at her, too. Then he looked at me, and a suggestion of a smile

came to his lips.

"Oad! Young man," he exclaimed, "it is spring." The fluffy young thing typified the changing season, and this worn old man had felt the magical touch. And as I walked along it occurred to me that this is no usual spring that has come to us ready to apparel half the globe in waxing verdure and blessed sunshine. The stirring events of the past few weeks are thrilling men with the consciousness that God is in His Heaven and all will yet come right with the stricken world.

A peevish subscriber writes to a newspaper "that a barber in New York recently said to a customer: 'If wish the Kaiser would send a warship over here and blow New York off the face of the earth.' If the peevish subscriber would just think the matter over he would realize that if barbers had their wishes most of us would have the fastest growing haird in history."

Seen around the town: A chorus girl at Cossant Grove arguing against cigarettes for women, while inhaling a cocktail. A man in a silk hat and evening clothes going into a ten cent movie show. A dog with tortoise rimmed glasses on Lexington avenue. A fat woman with a lion wolf hound followed by a crowd of street urchins. A demure, retiring little woman reading Jim Jam Jems in a street car, and a rough, un-couth man opposite reading Epictetus.

## SEISMOGRAPHS

By George Martin

The seismograph is an instrument devised to register the nervous shocks suffered by Mother Earth.

It is so extremely sensitive that it can sit in Washington and quiver from the impact of an earthquake in Honolulu. Leadpencils are attached to its arms and legs so that their agitation is registered in permanent form which may be used as evidence against the earthquake if it denies it happened.

Whenever a seismograph begins to shiver and shake you can depend on it Mother Earth is having a spasm somewhere in her anatomy.

Babies have spasms too, but they don't need a seismograph to let you know it. Not even at midnight. Or three a. m.

# Garden Club Idea Sweeping Over City; Many New Members

Yes! He is in our city. A professor of home gardening. And he will tell you how to raise the biggest potatoes, the reddest tomatoes, the juiciest corn, the tenderest peas, the most succulent rhubarb, the mildest onions, and beans without strings. He is Attorney E. F. Kimble, 1330 Heston avenue, and he has offered to take for distribution in his end of town, the pamphlets on gardening, received by the Bureau of Community Service, from the Government, and he will act as advisor and instructor for the home gardeners in his neighborhood.

James Norris, six-year-old daughter of Mr. and Mrs. Charles G. Norris, of 1810 Mount street, is the youngest member so far enrolled in the Fearless Garden Club.

Frank Johnson and his son-in-law, Charles Clow, are going to raise beans, cabbage and potatoes on two vacant lots in Wheelersburg.

Back of their store on Gallia street, the force of the Liberty Credit Clothing Company is making a garden.

It has been suggested by a business man that land along the flood wall be gardened. Since flood dangers are over, much of this land on either side of the wall would be available and could doubtless be made to produce some kind of vegetables.

New members of the club include today: Mrs. Ruth Stenshorn, 319 Front street; Mrs. John Grammel, 236 Front street; Mrs. Kate Burkhardt, 331 Front street; K. F. Fanning, 1308 Gallia street; William G. Ruel, 125 Front street; Mrs. Priscilla Jackson, 111 Front street; John Berwind, 519 Waller street; Mrs. Anna Wise, 101 Front street; Mrs. Ella Shively, 101 Front street; Henry W. ## Local Pythians Enjoyed Fine Trip To Chillicothe

Prominent K. of P.'s from Southern Ohio, particularly in Portsmouth gathered in Chillicothe Friday evening and enjoyed one of the biggest meetings in the history of Sereno Lodge K. of P. No. 28 of that city.

One hundred and thirty-five members of the three K. of P. lodges here, Magnolia, Massie and Peerless made the trip in style, leaving here at 6 o'clock last night on a special on the N. & W. The members were accompanied by the River City band and the entire trip was fraught with genuine pleasure.

Upon the arrival of the special at Chillicothe a parade was given to the K. of P. hall there and more than 300 members of this order were in line.

At the hall Magnolia Lodge of this city conferred the Knight rank on one Chillicothe candidate and one Portsmouth candidate, Albert Reinhardt. The team acquitted itself nobly under the direction of George Swabby, master of work. Grand Chancellor George Behrens of Columbus and Grand Master at Arms Dr. E. W. Tidd of Stockdale were present and were lavish in their praise of the work of the local team. They responded to short talks and were followed by Col. G. W. C. Perry of Chillicothe.

The evening's festivities were brought to a close by a banquet served by the Sereno lodge. It was a splendidly handled affair and Portsmouth Pythians who made the trip and enjoyed the hospitality of the Chillicothe lodge were loud in their praise of every phase of the trip Saturday.

The River City band, of course, was right on the job and the band boys made a big hit with their music.

The N. & W. special stopped at Picketon and Waverly, where a number of K. of P.'s were picked up.

Magnolia is entered in the district degree team contest and was given a grading on its work last night.

**OBITUARY**  
Carl Stevens  
Carl Stevens, born in Portsmouth, O., Oct. 18, 1894, died April 4, 1917, in Columbus.

The deceased suffered from typhoid fever three years ago and since that time had never been well. He had been seeking health at various sanitariums, without improvement. Death came while he was in the Franklin county sanitarium, Columbus. Complications caused death.

He leaves to mourn his death three sisters and one brother, as follows: Mrs. Bess Maupf, of Ft. Worth, Texas; William Stevens, of Ohio, Cal. Mrs. May Peles, of Trenton, O., and Miss Alice Stevens, of this city.

The funeral will be held this afternoon at one o'clock from the home of Roy McElhenny, 517 Sixth street, with Rev. E. A. Powell in charge. Burial in Greenlawn.

**Has Job In Store**  
B. F. Stewart received a postal card from Will Stevens, who recently went to Chico, Cal., for his health, stating that he had secured employment in a grocery store, and was rapidly improving in health.

## Officials In Dark As To Happenings In Mexico, Carranza Ousted, Report

Washington, April 7.—What may be happening behind the scenes in Mexico was the cause for some concern here today.

The Mexican capital has been out of communication with this capital for some time.

Both the state department and Mexican authorities admitted that they do not know what is proceeding here.

Coupled with unofficial reports of fighting in Mexico City and the "rumor" that Carranza had been overthrown by General Obregon, the lack of communication was at least disturbing.

In Mexican quarters, the rumor as to Carranza was branded as "impossible," though in the same breath the Mexicans confessed they did not know what the status in Mexico City was.

The real danger in the situation is that German money may have tainted the situation in Mexico City and really have caused Obregon to set against the first chief.

Obregon's position has been a subject of doubt though when any question as to his loyalty was

brought up both American and Mexican officials were quick to defend him as being staunchly behind the first chief.

In view of the Zimmermann note there may be extreme significance in Mexico City's silence.

Meantime, the attitude of Costa Rica toward the United States is still further cause for concern.

President Tinoco, who usurped the government recently, is known to be sounding out this government as to its feeling toward recognizing him, and the hint is that if the United States does not alter its previous opposition to him he will make friendly overtures to Germany and permit that nation to establish submarine bases along its coasts.

## Awarded Judgment

The following from this week's issue of the Waverly Republican is of interest here as Dr. McCann is now located in New Boston:

"The trial of T. H. McCann vs. Sam Current came to a rapid ending here. Instead of going to trial a motion was argued and McCann was given a judgment for \$281.35 and costs against Mr. Current. This was on a cognovit note. Defendant excepted to all rulings of the court in the journal entry. While Dr. McCann was here he was served with summons in the suit for \$500 brought against him by Mrs. Lucy Fylar, administratrix of the estate of John A. Fylar."

# Negro Tries To Escape, Is Shot In Leg By Policeman

## To Urge Enlistments

Beginning with Monday, simple window displays, urging enlistments in the United States navy, will be made by the Anderson Brothers company, the Marting Brothers company and the Brag-

An attempt of a negro, known as "Flathead," arrested on a charge of suspicion, to escape from the police was frustrated early Saturday morning by Officer George L. Cox, who pulled his revolver and shot the fleeing negro in the left leg. The shooting occurred at Gallia and Monroe streets at 2:40 o'clock this morning.

## W. O. W. With President

River City Camp, Woodmen of the World, last night unanimously endorsed the action taken by President Wilson and congress relative to the crisis with Germany and pledged its support to the administration. Similar action was taken in every W. O. W. lodge in the country.

Police record relates: "I had a call from someone who said he was a street car man. He said there were two negroes who asked him where they could get a car for New Boston. They were at the corner of Seventeenth and Officers streets. He told them to go down to Officer street. It was somewhere near one o'clock. "I told Officers Lewis and Cox to be on the lookout for them. They found them at Gallia and Monroe streets. Cox called in and said they John H. Lewis and George L. Cox had them. I told him to search them and sent them to look up the pair, and see what they had on them. One of them started to run and Cox shot him in the leg. He is at the hospital under arrest. The office was notified They had skeleton keys."

## GERMAN SPIES PLOT DESTRUCTION OF TAMPICO OIL WELLS

With advice coming from semi-official sources to the effect that German plotters are now turning their attention to British and American controlled oil properties at Tampico, Mexico, extra precautions are being taken to guard this district. It is feared that German influence within the Carranza government may result in the successful carrying out of such an attempt.

Oil wells on fire in the Tampico field, a hint of what might happen in war time.

## "Enter War With Clean Hands"

"America enters this great war with clean hands and without malice or desire of gain in her heart," declared Rev. E. Ainger Powell, pastor of All Saints church Friday evening, on speaking of "The Challenge of The Cross," to more than forty Knights Templars, who marched to the cathedral in full uniform to attend the services, as has been the custom of the local commandery on Good Friday for the past seven years.

An impassioned plea was made by Rev. Powell for all true and loyal Americans to keep level heads and discuss not the probabilities of war in a loud manner, with a view of arousing those whose ancestors came from the "Rhine-land."

The minister explained that this was not a war of hatred or malice against those whose "grandfathers told of the quiet and peace-loving and domestically happy hills of the Rhine-land," but against the House of the Kaiser and autocracy.

"Take not the sword lest you shall perish by the sword," Explaining this, Rev. Powell said that America had not taken the sword until patience ceased to be a virtue.

## How to Make Want Ads Pay

Example No. 8  
How to Find Competent Help  
You are on one side - the other in the employment position. You are either an employer or an employee. You are after a position, or else wish to employ somebody.

The Want Ad will bring all manner of replies and applications. Let us look over some Want Ads designed to secure help:

<b>SAMPLE No. 1 OF A POOR WANT AD</b> WANTED—A N. EXPERIENCED stenographer; salary \$15 a week to start. Reply in handwriting to 10.	<b>COMMENT No. 1</b> This is indefinite, except as to salary.
<b>COMMENT No. 2</b> In this Want Ad, there is both business and human interest. While many girls may reply, it is apparent to even the dullest mind that the advertiser will be particular.	<b>SAMPLE No. 2 OF GOOD WANT AD</b> WANTED—A N. GIRL. To care for two children (boy and girl aged 4 and 7 years. Good home and good pay for the right girl who can satisfy us as to character and references. With a girl to live with us. Address—
<b>SAMPLE No. 3 OF GOOD SPECIFIC WANT AD</b> WANTED—A N. BOOK-KEEPER who can furnish right references. Must be skilled in 4 c. work. The firm has started 13 book-keepers in past 15 years, and has promoted all of them. The present manager was the first to fill this position. Pay fair to begin with; advancement steady. If you can write you are the first man. Reply at once to—	<b>COMMENT No. 3</b> This Want Ad carries a message of importance. The book-keeper who is inefficient will be somewhat slow in replying. This is the safest way to get in touch with worthy help. It shows a reward for merit.

The Want Ad should never go beyond the bounds of reason, and impose impossible conditions. It should not be so worded as to indicate that its writer is a crank, and thereby frighten away applicants.

There should be a sort of understanding between applicants and employers. It is better by far to secure one application of value, than fifty of no value.

Either as an employer or employee, be sure to make your Want Ad set forth the facts—and then

## Boy Scouts Mobilize

Troop 2 Boy Scouts mobilized Friday afternoon at Trinity church at 4 o'clock. It was a remarkable gathering in many ways, and one which the boys will never forget.

Senior Leader Marion Garrison was in charge of the meeting. Scout Commissioner M. H. F. Kinsey was called on first for an address to the boys. He spoke of the service the scouts were rendering in these days of war. That their service would be strictly civic service, and confined to their own city.

Pathos was injected in the meeting when Scoutmaster Cary Williams and Assistant Scoutmaster Wesley Bonnett gave what might be considered farewell addresses to the boys. Both are members of Company K and are expected to respond to the colors at any moment.
